# Lista Workspace Solutions

**LISTA**  
making workspace work®

## *In the Store or in the Workshop, Lista Helps You Get the Job Done in Style*

Dealerships that sell, rent and service outdoor equipment have to make every inch of their stores count. That's why Lista products are so popular in parts, service and customer areas. Lista drawer storage cabinets save space while maximizing storage capacity, enhance productivity by organizing parts for quick picking, and dramatically improve the appearance of customer-facing areas. Lista's high-density storage allows you to expand your retail area by minimizing the space needed to store your parts. And the modular design gives you the flexibility and adaptability to easily expand as your business grows.

## *Lista Powers Up Your Productivity*

Lista products are packed to the brim with features that benefit your business. Sub-dividable drawers allow you to create the perfect storage compartments for your inventory, so you can make the most of your valuable floor space. Our cabinets have recessed drawer handles, so you don't have to worry about handles that grab and tear at clothing. And perhaps the best feature of Lista cabinets is their durability: your investment is guaranteed to last for years to come.

## Free Custom Design from Lista

Lista's engineering and design team is ready to provide you with a detailed plan for your individual workspace and storage needs, free of charge. We offer solutions that are designed for maximum efficiency and future flexibility, optimizing space and profitability.

- **Floorspace utilization analysis.** We can prepare plan and elevation CAD drawings for a grouping of products, or entire room-sized solutions.
- **Customized surveys and layouts.** Lista experts will survey your current and future storage and workspace needs, and propose solutions that provide the highest density and greatest productivity.
- **Integration with architectural and construction planning.** Rely on our experience with coordinating with architectural and construction professionals at any stage of a project's development.
- **Price quotes.** We are happy to provide free estimates and price quotes for any project, regardless of size.
