Lista Workspace Solutions Display Crowd-Pleasing Results

Lista workspace systems help museums exhibit the ultimate in organization and space-efficiency. With our comprehensive range of solutions and modular building block approach, Lista can completely address the unique needs of your facility. Lista's ability to store items of virtually any size, and our wide array of locking solutions, means that your storage will be both space-saving and secure. And our powder coated finishes, available in ten standard colors and a wide array of custom colors, won't off-gas, so your valuable materials are safely stored, now and for the future.

No Matter Your Facility's Shape or Size, Lista Makes Your Workspace Work

Lista museum solutions bring the ultimate in organization, space savings and security to museum workspace. Our Storage Wall® system is a uniquely flexible and versatile storage solution, perfect for securely housing the various size and shape items stored by museums. With a combination of shelves, drawers and roll-out trays, even the biggest and smallest of items can be stored together in a safe, logical and accessible manner. Lista's modular drawer cabinets and workbenches are ideally suited for laboratory environments in museums. Lista's custom-designed solutions will perfectly meet your unique needs, whether you require resin counter surfaces to protect against chemical stains, space-efficient overhead cabinets for readily accessible yet out-of-the-way storage, custom paint to complement your particular decor or a choice of security options.

Free Custom Design from Lista

Lista's engineering and design team is ready to provide you with a detailed plan for your individual workspace and storage needs, free of charge. We offer solutions that are designed for maximum efficiency and future flexibility, optimizing space and profitability.

- **Floorspace utilization analysis.** We can prepare plan and elevation CAD drawings for a grouping of products, or entire room-sized solutions.
- **Customized surveys and layouts.** Lista experts will survey your current and future storage and workspace needs, and propose solutions that provide the highest density and greatest productivity.
- **Integration with architectural and construction planning.** Rely on our experience with coordinating with architectural and construction professionals at any stage of a project's development.
- **Price quotes.** We are happy to provide free estimates and price quotes for any project, regardless of size.
