PRODUCT DATA SHEET

#9100 Concrete Cleaner

The #9100 Concrete Cleaner is a biodegradable, fast acting cleaner that was designed to break down and remove the LB-0749 Wheel Mount Compound that has dried on concrete floors. It is also very effective at removing grease, oil and other embedded soils. Works on concrete or asphalt surfaces.

APPLICATION METHODS:

1. Wet concrete surface with water, then sprinkle the #9100 powder over the soiled area. Allow to stand for 5-10 minutes, then scrub soiled area with a stiff brush or broom. Rinse with water.
2. Prepare a solution of #9100 in a plastic bucket or pail. Spread solution on the soiled area with a mop. Allow to soak for 5-10 minutes, then scrub with stiff brush or broom. Rinse with water.
