

ROUSSEAU METAL

THINK INNOVATION, DURABILITY, QUALITY

Why Choose Us?

Rousseau is the leading designer and manufacturer of flexible and high-quality storage solutions. Read on to find out why:

Innovative products and processes

Innovation runs through the whole company! Every team within Rousseau is focused on developing products, continuously improving processes and integrating the latest technology.

At Rousseau, we proudly implement sustainable development initiatives in terms of both our products and manufacturing processes.

Whatever the industry and whoever the customer, Rousseau understands that there is no one-size-fits-all solution. That's why all our product lines allow for custom configurations.

With our vast range of components and accessories, you can build your own solution, be it a customized cabinet, shelving system or workstation.

Modular and scalable design

Our products are modular. They fit together easily to form complete systems. Furthermore, they are designed to accept a wide range of accessories, which allows highly personalized solutions to be created.

Our products are scalable. Our products are scalable and our solutions will grow along with your business. For example, if you already have a shelving system, you can add banks of drawers for storing small parts.

Designed and manufactured in North America

By designing and manufacturing our products in North America, we have complete control over the quality produced.

In addition, we can accept orders on demand and offer excellent shipping times. We are also able to manufacture more tailored solutions for customers' special requests.

Unrivaled quality and durability

400 lb. capacity per drawer, lifetime warranty on the sliding system, meticulous designers, advanced technology and exceptional customer service. These are just some of the value-added benefits that come with Rousseau products.

By choosing Rousseau as a partner for your project, you are guaranteeing decades of satisfaction.

Customer-focused in everything we do

The customer is always a key factor in Rousseau's decision making. Right from a product's initial concept phase, our team consults customers to find out what they really need.

For manufacturing, Rousseau uses quality materials and strict standards to ensure each customer can benefit from the best return on investment.

More for your industry!

Rousseau is the ideal solution for your industry. See why consulting our photos, testimonials and suggestions of products in the **Industries** section of rousseaumetal.com! **Visit rousseaumetal.com today!**

2018 Improvements and Additions

NEW PRODUCTS 2018

Innovation is one of Rousseau's core values, which means we are always improving and expanding our range of products to exceed customer expectations. Here are our major new products for 2018.

RV-GB33S2X002B

SRE1F-EE750501 + SRG1F-EE750501

Gray -GB

MULTITEK Cart

Our new MultiTek is an ergonomic and multi-purpose cart. In an innovative leap forward from standard cart solutions, not only does it transport tools, parts and other items, it also functions as a small portable workstation.

Sloped shelves

An even wider choice of shelving is now available from Rousseau with the introduction of sloped shelves. Whether you want to increase visibility of stored items or facilitate inventory management, sloped shelves will prove to be invaluable in your work environment.

New colors for laminated shelves and tops

Rousseau has expanded the range of colors available for laminated WS52 shelves and WS16 tops. We are proud to now offer gray and black for these products.

Quiet casters

Ultra-quiet, blue and

new casters for R and

with an impressive

load capacity, our

L products are the

definition of quality.

New standard color

Rousseau now offers a new standard color for painted steel. As part of a contest on our various online platforms, the name Glossy Carbon Black was selected for this fantastic new color.

Improvements to multi-drawer cabinets

To provide greater rigidity and easier leveling, a stabilizing bar has been added to all fixed multi-drawer cabinets.

5S panels

A versatile 5S hanging panel is now available for corner workstations and service centers. It offers a highly practical solution to maximize work space.

New 18" cabinet

To respond to demand, Rousseau has decided to add a new 18" R cabinet to the range. There will be the same choice of depths: 21" and 27".

This narrower model is not recommended as a mobile cabinet.

Find the icons NEW, PROPOSAL, DIMENSION, and IMPROVED for more details on our new products!

Please note that the table of contents has undergone several changes. New sections have been added to make the catalog more intuitive.

"R" Heavy-Duty Modular Cabinet

"R" HEAVY-DUTY MODULAR CABINET

The heavy-duty cabinet, designed for intensive use, present the perfect fit to better respond to our customers needs. It is distinguished by the vast array of dimensions offered, accessories and its perfect modularity, but most of all by its durability.

The Rousseau cabinet comes in 7 different widths, each offered in different depths, for a total of 15 combinations, each available in 6 heights. Add to that the 10 drawer heights, and you have an incredible choice of possibilities. You're guaranteed to find the right size for your specific application.

Tested by an independent laboratory, the Rousseau cabinet proved to be the most durable on the market. The trials proved just how superior our drawer is. This allows us to be 100% confident in offering you a lifetime warranty on the drawer rolling mechanism.

The unique shape of the "R" drawer is a Rousseau Metal Inc. trademark and we own a design patent on the "R" drawer.

The Rousseau cabinet, in addition to being sturdy, offers a refined and unique look, which will stand the test of time. A shining example of unwavering durability.

"R" Heavy-Duty Modular Cabinet

The Rousseau Advantages

Sturdy and distinct appearance that works in all sorts of different environments.

10 drawer heights and 7 drawer side heights are available.

True North American dimensions which allow for perfect modularity.

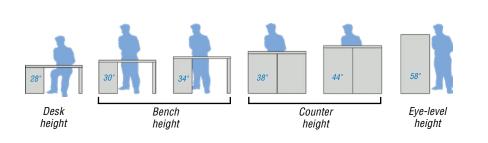

Housings with pre-determined fixing zones for installation of accessories: work surfaces, shelves, etc.

400 lb. capacity per drawer. The most heavy-duty in the industry.

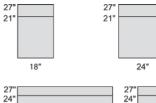

General Dimensions

Available Heights

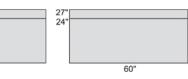

Width x Depth

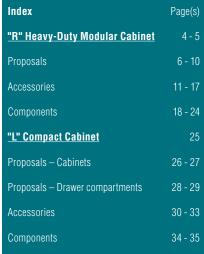

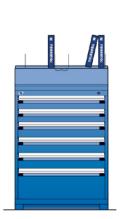

Shown here are several of the most popular heavy-duty modular cabinet models.

All proposals include a 2" front-access forklift base and a lock on the cabinet housing (for models with more than one drawer) or on the door.

Doors are factory installed with hinges on the right side. They may be installed on the left side, upon request.

See number of compartments and proposed layouts on the following page.

NOTE

For drawers without partitioning, complete the even number following the last two digits of the model.

Ex.: R5ACD-28<u>01</u> with R5ACD-28<u>02</u> without

Security Accessories and Recommendations

Vertical Security Bar

RB10

Security Panel

RF91

Locks all drawers in a cabinet with a padlock on the right (A) or the left (B);

Safety hasp is located at the top of the bar to facilitate access;

Available to cover overall drawer heights from 24" to 54";

Complete access to drawers is possible, even when installed against a wall;

Possible to install more than one bar on the same cabinet (for different users);

Order by specifying which side the bar is on. Ex.: RB10-24LPA for right side;

Note: Vertical security bar A is not compatible with the drawer lock.

Product #	Height
RB10-24LP_	24"
RB10-26LP_	26"
RB10-30LP_	30"
RB10-34LP	34"
RB10-40LP_	40"
RB10-54LP	54"

Blocks access between two drawers with locks;

Usable space in cabinet reduced by 1";

Installed between two drawers;
Allows for the cabinet to be divided up for

more than one user;
Order by specifying the width and dept.
Ex.: RF91-36 24 for a 36" W x 24" D security panel.

Product #	
RF91-	

Cabinet Lock

Allows user to lock all drawers and roll-out shelves in the cabinet at same time;
Possible to change drawer and roll-out shelf

Possible to change drawer and roll-out shelf positions;

Easy to retrofit;

Order by adding L3 to the cabinet housing number. Ex.: RA30-302758L3;

For replacement parts or to retrofit this mechanism, order RB00-DDHH<u>L3</u>.

Produc
1.3

True One-Drawer-at-a-Time System

RB15

Prevents multiple drawers from opening at the same time, which ensures the cabinet's stability and users' safety;

Order by adding "A" to the cabinet number. Ex.: RA30-302758A;

To retrofit this mechanism, order a RB15 and specify the number of drawers and roll-out shelves in the cabinet, Ex.: RB15-58-<u>07</u> for a cabinet with 7 drawers;

One kit per cabinet.

Product #	Cabinet Height
RB15-28	28"
RB15-30	30"
RB15-34	34"
RB15-38	38"
RB15-44	44"
RB15-58	58"

Cabinet Safety Hasp

KA, KD or MK

Allows user to lock all drawers and roll-out shelves in the cabinet at the same time;
Possible to change drawer and roll-out shelf positions:

Alternative to the RB10 vertical security bar; Easy to retrofit;

Order by adding LP to the cabinet housing number. Ex.: RA30-302738LP;

For replacement parts or to retrofit this mechanism, order RB00-DDHH<u>LP</u>.

Product #

Electronic Lock System

L50

Allows user to electronically lock all drawers in the cabinet at the same time;

No key required;

Up to 20 different users can be programmed;

4-8 digit access codes;

Simplifies managing access to drawers;

To order the complete mechanism with a drawer cabinet, order a RB00-DDHH<u>L50;</u>

To order as a replacement lock, order a HA62-L50.

Cabinet Tops

Steel Top with Rubber Mat

RC32

Laminated Hardwood Top

WS14

1/8" thick non-slip neoprene surface;
Sides and back formed with a double fold: 1" high.

Top for general industrial applications;
Thickness: 1 ¾";
Made with varnished hardwood slats;
90° radius front edge for more comfort;
Good impact resistance;
Attractive appearance.

Stainless Steel Top

RC35

Marine Edge Stainless Steel Top

RC35

16 GA stainless steel: RC35-WWDD; 12 GA stainless steel: RC35-WWDD-12;

Serves as a work surface and protects the cabinet against impacts;

Particle board top with stainless steel cover (brushed finish #4);

Excellent corrosion and chemical resistance; The top respects the CARB regulations on formaldehyde emissions;

Welded corners for attractive look;

Thickness: 1 3/4";

To order a top in 12 GA, complete the product number with $\underline{12}$.

Marine edge 16 GA stainless steel: RC35-WWDD-16M; Marine edge 12 GA stainless steel: RC35-WWDD-12M; Prevents small objects or liquids from falling or spilling from the work surface;

Serves as a work surface and protects cabinet against impacts;

Composite wood top with stainless steel cover (brushed finish #4);

Excellent corrosion and chemical resistance;

The top respects the CARB regulations on formaldehyde emissions;

Welded corners for attractive look;

Thickness: 1 3/4";

Order by specified the steel gauge.

Ex.: RC35-WWDD-<u>16M</u> for a marine edge 16 GA stainless steel top.

Galvanized Steel Top

RC36

Painted Steel Top

RC37

Serves as a work surface and protects the cabinet against impacts;

Composite wood top with galvanized cover; The top respects the CARB regulations on formaldehyde emissions;

Thickness: 1 3/4".

Serves as a work surface and protects cabinet against impacts;

Composite wood top with painted steel cover;

The top respects the CARB regulations on formaldehyde emissions;

Welded corners for attractive look:

Thickness: 1 3/4".

Computer Supports

All models presented includes these specifications:

Installs on the work surface with the RC68 or RC69 finishing panel for computer support:

Compatible with the following work surface: WS14, RC35, RC36 and RC37; Each support comes with an 18" high post allowing a custom fit for each user;

Laptop Support

LCD Monitor Support

Designed to support most LCD monitors up to 21" available on the market;

Includes one or two double articulating arms; Positioning of monitor anchors comply with VESA 75 and 100 standards;

The double articulating arm allows for increased adjustability;

The screen can also be tilted for better ergonomics;

Single or double LCD monitor support available for order.

Product #	For
RC59-03	Single screen
RC59-04	Double screen

The work surface shall extend beyond the rear by 1 ½";

Does not install directly on the housing.

Articulating arms, adaptors and trays are painted in black;

Designed to hold a laptop computer, papers, binders or any other object;

Usable tray surface: 14" W x 12" D;

Includes one double articulating arm and the

The double articulating arm allows for increased adjustability;

The tray can also be tilted for better ergonomics.

Product # RC59-42

LCD Monitor, Keyboard and Mouse Support

Designed to hold a computer monitor, keyboard and mouse;

Usable surface of the keyboard and mouse tray: 235/8" W x 81/2" D;

Includes one articulating arm and the tray; Positioning of monitor anchors comply with VESA 75 and 100 standards;

Can support most LCD monitors up to 21" available on the market;

Tray and screen can also be tilted for better ergonomics.

Product #	
RC59-21	

RC50

Electronic Tablet Support

Supports most tablets on the market: Includes a double articulating arm

and tablet support;

The clamps and support have a non-slip surface to ensure tablet stability;

The double articulating arm allows for greater adjustability;

The support can also be tilted for better ergonomics;

Tablet size compatibility:

Small: Large:

- width: 7 5/8" to 10".

- width: 9 7/8" to 12 1/4".

Waste & Recycling Cabinets / Sink Cabinet

Waste and Recycling Cabinet

Cabinet can be used as a single unit, integrated in cabinet combinations (ex.: counter cabinets) or integrated underneath the work surface;

Allows sorting objects for recycling;

Equipped with one 26" H drawer with identification on the drawer handle to facilitate sorting;

Equipped with two 15 $\frac{1}{4}$ " W x 11" D x 20" H containers, the black one for waste (RK09-02) and the blue one for recycling (RK09-01):

The drawer has one divider to stabilize the containers and also allows storing objects behind.

Product #	WxDxH
R5XCG-1100	24" x 27" x 30"
R5XDG-1100	30" x 27" x 30"

Waste & Recycling Drawer

Allows sorting objects for recycling;

Identification on the drawer handle to facilitate sorting;

Drawer heights available: 17" and 26";

The 17" H drawer has two containers of 14 %" W x 10 % D x 15" H, the black one for waste and the blue one for recycling;

The 26" H drawer has two containers of 15 14" W x 11" D x 20" H, the black one for waste and the blue one for recycling;

The drawer has one divider to stabilize the containers and also allows storing objects behind;

To add a locking or security mechanism, complete with product # needed.

Ex.: R51CG-X1701A to add an integrated lock-in mechanism;

Note: The drawer is also available alone; see the RF53 for a painted steel front and RF54 for a stainless steel front.

Product #	WxDxH

Housings

"R" Heavy-Duty Cabinet Housing

RA30

Choose from a wide range of housing unit sizes to customize your storage or work space areas.

Modular drawers, roll-out shelves, adjustable and bottom shelves can be installed;

Compatible with integrated doors and doors with frame;

Housing units are equipped with knock-outs:

- on the top to stack cabinets and install accessories or work surfaces
- on the sides and back to anchor cabinets side-by-side and back-to-back as well as for attaching accessories

Includes anchoring kit for concrete floor, for both cabinet housings and bases, and hardware for stacking;

Cabinet lock allows user to lock all drawers and roll-out shelves in the cabinet at the same time.

Complete product number with L3;

For a safety hasp, complete the product number with LP;

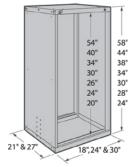

For factory installation of an electronic lock, order a RB00-DDHHL50

To order a true one-drawer-at-a-time mechanism, complete the product number with A. 🚳

Double Integrated Doors, Solid or Polycarbonate

RB67/RB66

Integrated doors: RB67;

Polycarbonate integrated doors: RB66; Double doors for 30", 36", 48", 54" and 60" wide cabinets;

Compatible with RB21 adjustable shelf; Open 180° for full access to items stored inside; Factory installed on RA30 cabinet housings; Standard lock included;

To receive a safety hasp instead of a standard lock, replace L3 by LP in the product #;

Some door heights may be combined with drawers mounted above or below. In the latter case, you must order a RB21 adjustable shelf for installation above the section of drawers or a crossbar (RB65) for drawers mounted above;

Order by specifying the choice of door. Ex.: RB $\underline{66}$ -4820L3 for 48" W x 20" H double integrated polycarbonate doors;

Note: Not compatible with RF31 drawer or RF40/RF44 roll-out shelf;

Note: Not compatible with RB25 bottom shelf; Note: Integrated door (RB67) has a finished back for increased rigidity and aesthetics;

Note: Polycarbonate doors (RB66) are impact resistant;

Note: Integrated doors are adjustable vertically and horizontally.

"L" Compact Cabinet

The Rousseau Advantages

100 lb. capacity per drawer. 100% drawer extension in both drawer depths.

Partitions and dividers are clipped in.

Variety of drawer accessories available: full-depth partitions, dividers, plastic bins, hanging file holders, foam for protection, etc.

Central lock on the cabinet housing.

6 drawer heights available: 3", 4", 5", 6", 8" and 12".

L3ABD-2418L3C

L3ABD-3442L3C

"L" COMPACT CABINET

The new "L" Compact Cabinet has been developed to better meet our clientels' needs in terms of dimensions offered, drawer configurations and accessories available for a compact cabinet.

The "L" Compact Cabinet is available in 18" wide, two different depths; 21" and 27". Five cabinet heights are available; 24", 28", 30", 34" and 40". A choice of base (2" or 4") in painted steel or stainless steel is also possible for raising cabinet height a bit or to free up foot room. A new security system allows you to lock all of the drawers with one central lock.

The drawers come in a choice of 6 different heights from 3" to 12" and can be accessorized with partitions, dividers and plastic bins for the best possible organization of your parts. Each drawer has a 100 lb. capacity and ergonomic handles that are easy to grip and look good.

The unique shape of the "L" drawer is a Rousseau Metal Inc. Trademark and we own a design patent on the "L" drawer.

The "L" Compact Cabinet is an excellent alternative to the "R" Heavy-Duty version. Take the time to learn more in the following pages.

Proposals – Cabinets

Here are some examples of "L" Compact Cabinet proposals:

Doors are factory installed with hinges on the left. Upon request, doors can be installed with hinges on the right; To order a lock on the cabinet housing (for models with more than one drawer) or on the door, complete the product number with L3;

To order a cabinet with a 4" base complete the product number with C for painted steel base and D for stainless steel base. Ex.: L3ABD-2401<u>L3 C</u> for a 18" x 21" x 24" cabinet, 4 drawers, with lock and 4" base in painted steel.

	Number of Compartments (layout code)	
Drawer dimensions	18" x 21"	18 [°] x 27"
3" to 5"	9 (0206)	9 (0206)
6" and 8"	6 (0104)	6 (0104)
12"	4 (0102)	4 (0102)

IMPORTANT

Drawer layouts are included with the proposals. See chart to the left for the number of compartments.

NOTE

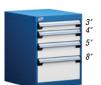

For models without drawer layouts, change the last 2 numbers of the model to the next sequential even number.

Ex.: L3ABD-24<u>01</u> with L3ABD-24<u>02</u> without

Cabinet Tops

Resistant Acrylic/PVC Plastic Laminated Top

WS08

Steel Top with Rubber Mat

RC32

Ideal for assembly stations or for applications using solvents, oils or other chemical products;

Thickness: 1 1/2";

Core made of particle board;

Finish: sheet of gray polymer;

Deluxe quality laminated top;

Excellent chemical product resistance (can be in prolonged contact with a substance);

Superior abrasion resistance compared to standard laminated top;

Superior impact resistance compared to standard laminated top;

Attractive appearance.

Non-slip rubber surface;

Sides and back formed with a double fold, 1" high.

Stainless Steel Top

RC35

Serves as a work surface and protects cabinet against impact;

Composite wood top with stainless steel cover (brushed finish #4);

Excellent corrosion and chemical resistance;

The top respects the CARB regulations on formaldehyde emissions;

Welded corner for attractive look;

Thickness: 1 3/4".

Laminated Hardwood Top

WS14

Painted Steel Top

Top for general industrial applications;

Thickness: 1 3/4";

Made with varnished hardwood slats;

90° radius front edge for more comfort;

Good impact resistance;

Attractive appearance.

Serves as a work surface and protects cabinet against impacts;

Composite wood top with painted steel cover;

The top respects the CARB regulations on formaldehyde emissions;

Welded corners for attractive look;

Thickness: 13/4".

Plastic Laminated Top

Dissipative Top

WS17

Top for general applications, Ideal for assembly, quality control and packaging applications;

Thickness: 1 1/2";

Color: White:

Attractive appearance;

Easy to clean;

90° radius front edge for more comfort.

Top for electronics applications. Ideal for assembly or electronics inspection stations;

Thickness: 1 ½";

Color: White;

Attractive appearance;

Easy to clean;

90° radius front for more comfort;

Dissipates electric charges that can damage electronic components;

Resistance point to point and point to ground between 10^6 and 10^9 Ω .

Adjustable Shelf

Security Panel

LB24

LF91

For storing larger, bulkier items;

Equipped with edges along sides and back;

Adjustable in height every 1" c/c;

Capacity up to 100 lb. evenly distributed load; 2 versions of the adjustable shelf are possible depending on if the housing is equipped with a central locking mechanism;

Made in galvanized steel;

Order by adding the housing depth; 21" or 27".

Product #	For LA30
LB24-1801	With L3/LP on the housing
LB24-1802	Without L3/LP on the housing

Allows for the cabinet to be divided up for more than one user;

Adjustable at every 1" c/c;

Must be ordered to:

- Block access between drawers
- Block access when a door with lock is installed under a drawer
- Block space when a door is installed above a drawer.

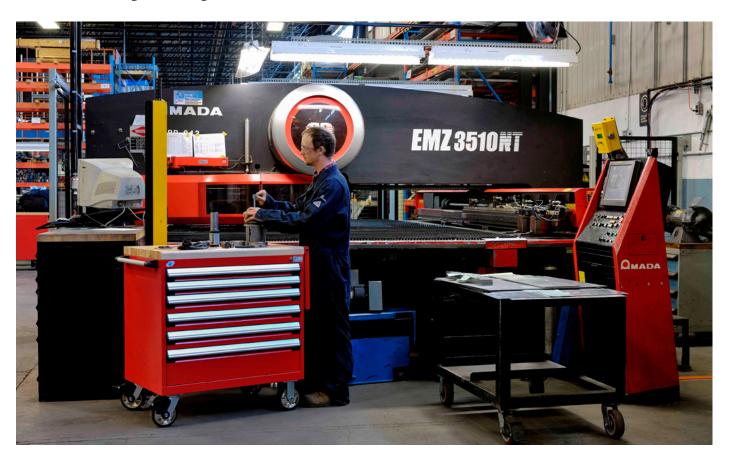

2 versions of the security panel are possible depending on if the housing is equipped with a central locking mechanism;

Made in galvanized steel;

Order by adding the housing depth; 21" or 27".

Product #	For LA30
LF91-1801	With L3/LP on the housing
LF91-1802	Without L3/LP on the housing

"R" Heavy-Duty Mobile Cabinet

"R" MOBILE CABINET

The "R" mobile cabinet is one of the safest on the market. The Lock-In mechanism is activated with one hand, leaving the other free. All of this, thanks to a simple upwards tilting of the ergonomic drawer handle.

In addition, it is very easy to modify the configuration of the cabinet: drawer order can be changed at any time. Our specialists will be very pleased to assist you in adapting a cabinet specific to your needs, with a customized configuration to meet your customer's requirements.

The "R" mobile cabinet, with its industrial quality construction, is definitely one of the strongest and most durable on the market. Our Research & Development department have put the cabinet through capacity, impact and general wear and tear trials. Equipped with high-quality casters, the cabinet was designed for intensive use in hostile work environments. Its distinctive look and design (industrial design patented), make it unique.

An impressive number of accessories to complete and complement your cabinet are available. We offer a selection of six different tops, two types of handles (on the front and on the side), foldaway shelves as well as hanging side cabinets. In addition, you no longer have to worry about making future changes as your business grows and your needs evolve, with Rousseau's easy retrofit accessories.

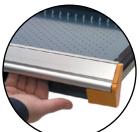

The unique shape of the "R" drawer is a Rousseau Metal Inc. trademark.

"R" Heavy-Duty Mobile Cabinet

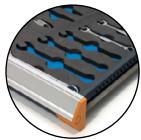

The Rousseau Advantages

The integrated Lock-In mechanism is easily activated with one hand (right or left).

The full-width ergonomic handle ensures a smooth and comfortable motion when opening the drawer.

A variety of drawer accessories are available, such as: partitions, dividers, plastic bins, protective foam, etc.

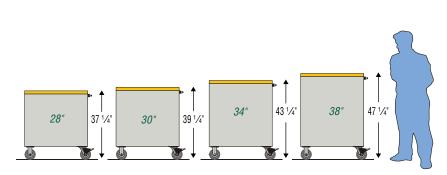

Polyurethane casters with high quality roller bearing systems make moving the cabinet easy and do not leave marks. Total-lock brake available.

Several housing accessories are available such as: foldaway shelves, hanging side cabinets, laminated hardwood top, etc.

General Dimensions

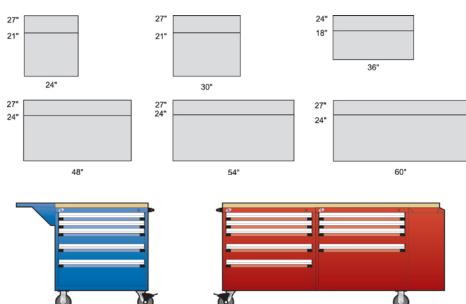

Available Heights

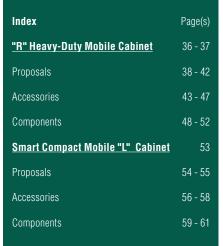

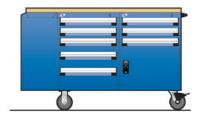

NOTE Total height indicated includes 6" casters and 13/4" thick top.

NOTE TOTAL HEIGHT INDICATED INCIDUES O CASTELS AND 174 THICK TOP

Width x Depth

Shown here are several of the most popular mobile modular cabinet models.

The 24" W cabinet models include 4" casters; 2 swivels with total-lock brake system and 2 rigid. Proposals include an econo lock-in mechanism (B);

The 30" to 60" wide cabinet models include 6" casters; 2 swivel with total-lock brake system and 2 rigid. Proposals include an integrated lock-in mechanism (A);

Cabinets come with standard lock (on doors also);

To add a stainless steel, galvanized steel, painted steel, steel with rubber mat, wood or marine edge stainless steel top;

All models are factory assembled and ready to use. Doors are installed with hinges on the right side. However, they can be installed on the left upon request.

Security Accessories and Recommendations

Vertical Security Bar

RB10

Security Panel

RF91

Locks all drawers in a cabinet with a padlock on the right (A) or the left (B);

Safety hasp is located at the top of the bar to facilitate access;

Available to cover overall drawer heights from 24" to 34";

Complete access to drawers is possible, even when installed against a wall;

Possible to install more than one bar on the same cabinet (for different users);

Order by specifying which side the bar is on. Ex.: RB10-24LPA for right side;

Note: Vertical security bar A is not compatible with the drawer lock.

Product #	Height	
RB10-24LP_	24"	
RB10-26LP_	26"	
RB10-30LP_	30"	
RB10-34LP_	34"	

Blocks access between two drawers with locks;

Usable space in cabinet reduced by 1";

Installed between two drawers;

Allows for the cabinet to be divided up for more than one user;

Order by specifying the width and dept. Ex.: RF91-36 24 for a 36" W x 24" D security panel.

roduct #	
F91-	

Cabinet Lock

Allows user to lock all drawers and roll-out shelves in the cabinet at same time;

Possible to change drawer and roll-out shelf positions;

Easy to retrofit;

Order by adding L3 to the cabinet housing number. Ex.: RA30-302758L3;

For replacement parts or to retrofit this mechanism, order RB00-DDHHL3.

True One-Drawer-at-a-Time System

RB15

L50

SEE PAGE

Prevents multiple drawers from opening at the same time, which ensures the cabinet's stability and users' safety;

Order by adding "A" to the cabinet number. Ex.: RA30-302738A;

To retrofit this mechanism, order a RB15 and specify the number of drawers and rollout shelves in the cabinet, Ex.: RB15-38-<u>07</u> for a cabinet with 7 drawers;

One kit per cabinet.

Product #	Cabinet Height
RB15-28	28"
RB15-30	30"
RB15-34	34"
RB15-38	38"

Cabinet Safety Hasp

KA, KD or MK

PAGE

Allows user to lock all drawers and roll-out shelves in the cabinet at the same time;

Possible to change drawer and roll-out shelf positions;

Alternative to the RB10 vertical security bar; Easy to retrofit:

Order by adding LP to the cabinet housing number. Ex.: RA30-302758LP;

For replacement parts or to retrofit this mechanism, order RB00-DDHHLP.

Product #

Electronic Lock System

Allows user to electronically lock all drawers in the cabinet at the same time; No key required:

Up to 20 different users can be programmed; 4-8 digit access codes;

Simplifies managing access to drawers;

For factory installation, order a RB00-DDHHL50; To order as a replacement lock, order a HA62-L50. One electronic lock system per cabinet.

For Cabinet	18" D	21" D	24" D	27" D		

For compatibility with a work surface, choose the part number of a work surface 24" wider than NOTE your cabinet.

Ex.: RC__-7224 for a mobile 48" W x 24" D cabinet.

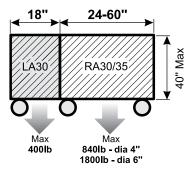

SEE

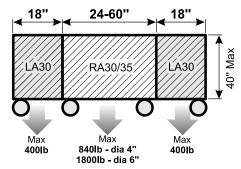

Appropriate Combination

In order to determine the appropriate cabinet combination, ask yourself the following questions:

What is the desired cabinet width and what is the desired capacity? Here are the possibilities:

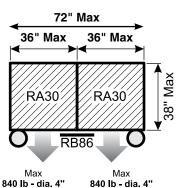

The height of the cabinet should not exceed 40" in order to assure cabinet stability when it is moved.

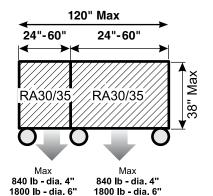

IMPORTANT With or without work surface WS08/14/16/17, RC35/36/37 (4 screws per cabinet).

Front Handles

RB92

Sold in pairs;

Attach to the front of single 24" or 30" wide cabinets;

Durable plastic. Color : black; Note: Not compatible with the L50 electronic lock system.

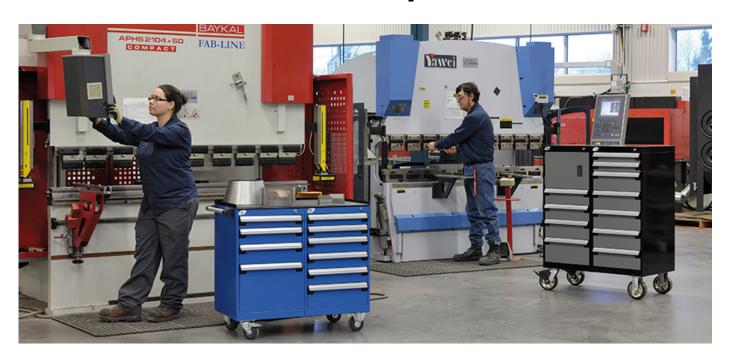

Product #

RB92-01

NOTE Not compatible with 18" wide "R" modular cabinets.

Smart Compact Mobile "L" Cabinet

The Rousseau Advantages

100 lb. capacity per drawer, 100% drawer extension in both drawer depths, 6 drawer heights available: 3", 4", 5", 6", 8" and 12".

Variety of drawer accessories available: full-depth partitions, dividers, plastic bins, hanging file holder, foam for protection, etc.

Central lock on the cabinet housing.

The lock-in mechanism stops drawers from opening on their own.

Polyurethane casters with high quality roller bearing system, making moving the cabinet easy. Total-lock brake system available.

With an innovative design, the Smart Compact Mobile "L" Cabinet is available in 18" wide, two depths: 21" and 27" and five different heights: 24", 28", 30", 34" and 40". It adapts perfectly to your needs and is easily integrated into your work space. It can be used on its own or in a double or triple version, with its premiere quality casters of 4" and 6" the Smart Compact Mobile "L" Cabinet is truly a solid and reliable tool!

The compact "L" drawer has a wide range of accessories available, a 100 lb. storage capacity per drawer and opens 100% in both depths. The Lock-In mechanism for the drawers ensures user security, while a central locking mechanism allows the user to lock all of the drawers at the same time and secure stored materials.

With its thoughtful design, the Smart Compact Mobile "L" Cabinet is versatile, modular and ingenious! It's also an excellent alternative to the "R" Heavy-Duty version.

Here are some examples of smart compact mobile "L" cabinets proposals:

Models are factory installed and ready for use;

Models include 4" casters; 2 rigid and 2 swivel with total-lock brake system;

To add a top, see page 54;

To order a lock on the cabinet housing, add L3 to the end of the product number;

The lock-in mechanism prevents drawers from opening when moving the cabinet without the central locking mechanism activated. To order, complete the product number with B.

Ex.: L3BBD-2401L3 B for a cabinet 18" x 21" x 29 1/4" with 3 drawers, central lock and lock-in mechanism.

Number of Compartments (layout code)	
18" x 21"	18" x 27"
9 (0206)	9 (0206)
6 (0104)	6 (0104)
4 (0102)	4 (0102)
	(layou 18" x 21" 9 (0206) 6 (0104)

IMPORTANT

Drawer layouts are included with the proposals. See chart to the left for the number of compartments.

NOTE

For models without drawer layouts, change the last 2 numbers of the model to the next sequential even number.

Ex.: L3BBD-24<u>01</u> with L3BBD-24**02** without

A security mechanism B on the drawer and/ or L3 on the housing is required for all mobile applications.

Cabinet Tops

Resistant Acrylic/PVC Plastic Laminated Top

WS08

Steel Top with Rubber Mat

RC32

Ideal for assembly stations or for applications using solvents, oils or other chemical products;

Thickness: 1 ½";

Core made of particle board;

Finish: sheet of gray polymer;

Deluxe quality laminated top;

Excellent chemical product resistance (can be in prolonged contact with a substance);

Superior abrasion resistance compared to standard laminated top;

Superior impact resistance compared to standard laminated top:

Attractive appearance.

Non-slip rubber surface;

Sides and back formed with a double fold, 1" high.

Stainless Steel Top

RC35

Serves as a work surface and protects cabinet against impact;

Composite wood top with stainless steel cover (brushed finish #4);

Excellent corrosion and chemical resistance;

The top respects the CARB regulations on formaldehyde emissions;

Welded corner for attractive look;

Thickness: 1 3/4".

Laminated Hardwood Top

WS14

Thickness: 1 3/4"; Made with varnished hardwood slats;

90° radius front edge for more comfort;

Top for general industrial applications;

Good impact resistance;

Attractive appearance.

Painted Steel Top

Serves as a work surface and protects cabinet against impacts;

Composite wood top with painted steel cover; The top respects the CARB regulations on formaldehyde emissions;

Welded corners for attractive look;

Thickness: 13/4".

Plastic Laminated Top

Top for general applications, Ideal for assembly. quality control and packaging applications;

Thickness: 1 1/2";

Color: White:

Attractive appearance;

Easy to clean;

90° radius front edge for more comfort.

Dissipative Top

Top for electronics applications. Ideal for assembly or electronics inspection stations;

Thickness: 1 ½";

Color: White;

Attractive appearance;

Easy to clean;

90° radius front for more comfort;

Dissipates electric charges that can damage electronic components;

Resistance point to point and point to ground between 10^{6} and 10^{9} Ω .

Note: Not compatible with the L50 electronic lock system.

Product # RB92-01

"R" Multi-Drawer Cabinet

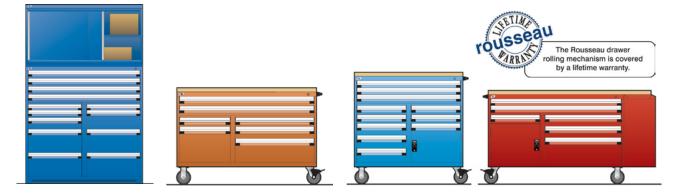

"R" MULTI-DRAWER

For personalized space management, our multi-drawer cabinet will surprise you, not only with its attractive look but also with its amazing versatility. Whether you're placing an order for one cabinet, or for one thousand, our team will gladly help you build just the cabinet you are looking for.

This cabinet is available in either a mobile or a stationary version. The mobile cabinet has high quality casters, a sturdy handle that guarantees a firm grip, as well as an integrated locking mechanism, which makes this cabinet ideal for mobile applications. Both models include a lock, that allows all drawers to be locked with the turn of one key, and stabilizing bars, to ensure the rigidity of the housing.

The multi-drawer cabinet is a versatile cabinet, available in a variety of colors.

Proposals – "R" Mobile Cabinet

Here are some of the possible mobile multi-drawer cabinet configurations.

For a more personalized configuration, contact your customer service representative.

The mobile cabinet models have 6" casters, including 2 rigid and 2 swivel with total-lock brake system (polyurethane casters do not mark floors, high-quality industrial grade);

The mobile cabinets include stabilizing bars to ensure the rigidity of the housing;

All cabinets include a standard cabinet lock (L3) as well as the integrated lock-In mechanism

(A) on each drawer;

For a safety hasp (LP), contact your customer service representative;

SEE PAGE For an electronic lock (L50), contact your customer service representative;

To add a stainless steel, galvanized steel, painted steel, steel with rubber mat, wood or marine SEE PAGE edge stainless steel top;

Each model includes a handle on the side, which provides the user with a good grip for manoeuvring the cabinet.

Drawer partitions are included in models.

NOTE

For drawers without partitioning, complete the even number following the last two digits of the model.

Ex.: R5GHE-3003 with R5GHE-3004 without

Proposals – "R" Stationary Cabinet

Here are some of the possible stationary multi-drawer cabinet configurations. For a more personalized configuration, contact your customer service representative.

The stationary cabinet models include a 2" forklift base (cover plate included);

The stationary cabinets include stabilizing bars to ensure the rigidity of the housing:

To add a stainless steel, galvanized steel, painted steel, steel with rubber mat, wood or marine edge stainless steel top;

All cabinets include a standard cabinet lock (L3);
For a safety hasp (LP), contact your customer service representative;
For an electronic lock (L50), contact customer service.

Drawer partitions are included in models.

38"	R5QCA-38	R5QPA-38	2

NOTE

For compatibility with a work surface, choose the part number of a work surface 12" wider than your cabinet. Ex.: RC__-6024 for a mobile cabinet 48" W x 24" D.

Hanging Side Cabinet - Front Access

The shelves are adjustable every inch c/c;

SH52 dividers can be installed on both bottom and adjustable shelves;

Equipped with holes on the top to allow installation between one common work surface to a multi-drawer cabinet;

The roll-out shelf has a capacity of 175 lb., 75% extension;

Door opens 180° allowing clearance space for easy handling of objects in the cabinet;

Door comes with standard lock;

Capacity: 500 lb.;

Choice of configurations. Complete the number:

 Bottom shelf (RB23) and adjustable shelf(ves) (RB20):

03: Solid door

05: Polycarbonate door

• Roll-out shelves (RF55):

04: Solid door

06: Polycarbonate door

NOTE

For compatibility with a work surface, choose the part number of a work surface 24" wider than your cabinet.

Ex.: RC__-8424 for a mobile cabinet 60" W x 24" D.

Security Accessories

Electronic Lock System

L50

Up to 20 different users can be programmed;

4-8 digit access codes;

cabinet at the same time;

Simplifies managing access to drawers;

To order as a replacement lock, order a HA62-L50;

To order the complete mechanism with a drawer cabinet, contact customer service and order an RR01.

SEE PAGE 257

Note: the proposals on pages 58-63 include an L3 lock. Customer service will adjust the product numbers on the order.

Product # L50

Vertical Security Bar

Two vertical bars are required on a multi-drawer cabinet, one on the right-hand side of the cabinet and one on the left;

RB10

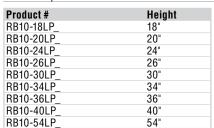

Covers a bank of drawers from 18" to 54" high;

Complete access to drawers is possible, even when installed against a wall;

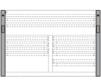

Order two vertical security bars corresponding to the internal height of the cabinet. Ex.: 54" bar for a 58" cabinet:.

To order, add A to the product number for the right bar and B for the left bar;

Note: the vertical security bar cannot be installed on the central partition.

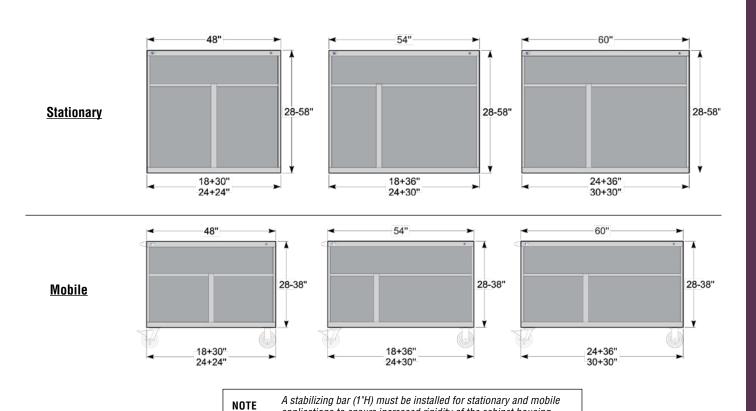

70

Accessories

General Dimensions

Multi-drawer cabinets are available in different sizes and with different partition options. Contact customer service to create your own custom configuration.

NOTE The narrower bank of drawers is always installed on the left. Example: 24" to the left and 36" to the right.

applications to ensure increased rigidity of the cabinet housing.

Spider® Shelving System

R5SEE-871809

THE MOST VERSATILE SHELVING SYSTEM THAT EXISTS

Much more than a simple shelving unit!

Sturdy construction and quick assembly, the Spider® shelving system meets all of your storage needs. With its vast range of accessories, it offers the most diverse options on the market, making finding solutions for all your storage problems as easy as 1, 2, 3.

- The combination of shelving and Mini-Racking opens up a whole new avenue of possibilities;
- Adding modular drawers guarantees you secure organization of all your small parts;
- Vertical expansion is also a possibility thanks to our multi-level shelving system.

Designed for intensive use, our modular storage system will maximize the space in your warehouse, parts department, maintenance workshop, distribution center, etc.

Our expertise ensures you peace of mind for all of your needs, present and future!

Spider® Shelving System

The Rousseau Advantages

The "R" drawers install in Rousseau Spider® Shelving, but they can also be installed in over 35 brands of shelving on the market.

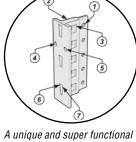

Assembly is simple: shelves are installed on the posts using 4 compression clips, in 14 gauge steel. This makes for easy and fast adjustments.

Mini-Racking integrated into your shelving optimizes your storage possibilities.

PAGE 98

post. The common post is the cornerstone of the structure. Its unique T-shape offers up to 7 fixing zones for different applications. Plus, its hollow center makes for installations without interference.

Each component is designed to offer you an easy-to-use product.

NOTE The unique shape of the Spider® post is a Rousseau Metal Inc. trademark.

Doors, Handle and Locks

Solid Doors with Frame

SH41 Polycarbonate Doors with Frame

SH43

Doors open 180°, with recessed lock and

Simple and fast assembly;

Frame spaced to allow for installation of Rousseau modular drawers;

Compatible with Rousseau Spider® shelving only;

Frame is 2" deep;

To receive a safety hasp instead of a standard lock, order SH41-WWHHLP instead of SH41-WWHHL3;

Order by adding width and height to the product #. Ex.: SH41-30 75L3;

Available widths: 30", 36", 42" and 48"; Available heights: 39", 41", 51", 53", 63", 75", 87" and 99".

Product # SH41-___L3

SRE3204

Doors with polycarbonate panels ensure you can see contents;

Excellent impact resistance;

Doors open 180°, with recessed lock and

Simple and fast assembly;

Frame spaced to allow for installation of Rousseau modular drawers;

Compatible with Rousseau Spider® shelving only;

Frame is 2" deep;

To receive a safety hasp instead of a standard lock, order SH43-WWHHLP instead of SH43-WWHHL3;

Order by adding width and height to the product #. Ex.: SH43-30 75L3;

Available widths: 30", 36", 42" and 48"; Available heights: 39", 41", 51", 53", 63", 75", 87" and 99".

Product # SH43-_

Stacked Doors, Solid or Polycarbonate

SH91/SH93

Solid stacked doors: SH91;

Polycarbonate stacked doors: SH93;

Doors open 180°, with recessed lock and handle;

Simple and fast assembly;

Compatible with Rousseau Spider® shelving

Available with a safety hasp or with an L3 lock. Note: consult data sheet S64 to see all dimensions and possible configurations.

NOTE

Choose SH41/SH43 doors if doors are full height or start at the bottom and end at the center. Choose SH91/SH93 doors if doors start at the top and end at the center.

Consult data sheet S64 to see all dimensions and possible configurations.

Rotating handle

Door opens by turning handle to the left or the right.

Lock positionning

The hasp or lock are positioned so they do not impede the hand.

Double lock

Add a second lock to your door.

Provides two locks for maximum security;

Order by specifying the type of lock. Ex.: SH43-3075L3+CZ06-LP to add an LP lock as well as the lock ordered;

Note: To add a second lock to an existing door, please contact customer service.

Product #	Description
CZ05-L3	To add an L3 lock
CZ06-LP	To add an LP lock

NOTE Used when the shelves have to support higher loads, concentrated loads or when the visual is important.

Front Shelf Reinforcement

"C" shaped reinforcement. Used when shelves must support heavier loads in front. Note: The reinforcement increases shelf sturdiness, not capacity;

Galvanized steel.

Product #	Width	
SH24-30	30"	
SH24-36	36"	
SH24-42	42"	
SH24-48	48"	

Side Shelf Reinforcements

2 "L" shaped reinforcements for attachment on each side of a shelf. Used when shelves must support heavier loads;

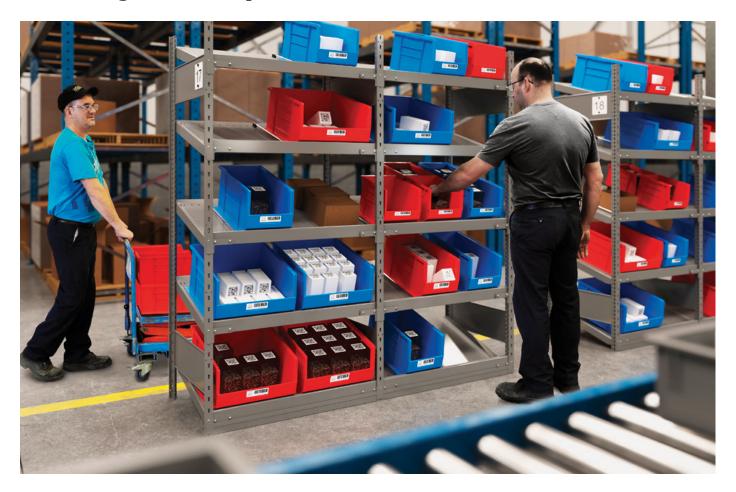

The side reinforcements increase the capacity of the 36" x 24" shelf to 800 lb.; Galvanized steel.

Shelving with Sloped Shelves

SRE1F-EE750501 + SRG1F-EE750501

SHELVING WITH SLOPED SHELVES

Rousseau shelving with sloped shelves provides superior-quality gravity flow storage that integrates perfectly with other products in our Spider® family. This unique product is available in a wide range of dimensions and configurations to fulfill your exact requirements.

With an average sloped of 15 degrees, sloped shelves are perfect for rear-loading applications (flow rack). These units help to create a "first in, first out" (FIFO) system. Shelving units without rear access are also available for more conventional storage.

Sloped shelves provide optimum visibility for items stored on shelves above the user's eye level. For shelves below this level, the extra angle reduces visibility of the shelf contents. If visibility is more important than flow in your system, we recommend installing lower, right-angle BOX shelves (SH20/21).

*It is possible to replace an SH27 sloped shelf with a SH20/21 right-angle BOX shelf, NOTE see page 94.

Open and Closed Shelving

Open Shelving

Starter

Add-on

Closed Shelving

SRE2T-EE750501

Starter

Add-on

Shown here are several of the most popular shelving models.

Proposals include open or closed uprights and sloped shelves;

The shelves have perforations for SH52 dividers and SH57 guides in 1 ½" increments c/c. Extra perforations have been added on each side for aligning an SH52 divider or an SH57 guide with the side of the post (this part acts as a side edge and prevents interference between stored items and the post);

SH52 dividers are available for 18" and 24" deep shelving only;

Possibility to replace a sloped shelf with a right-angle BOX shelf;

Closed shelving proposals include back panels and front base;

Open shelving proposals include one back brace.

SRB1T-EE751001B

Starter

Add-on

Starter

Add-on

Shown here are several of the most popular shelving models.

Proposals include open or closed uprights and sloped shelves;

The shelves have perforations for SH52 dividers and SH57 guides in 1 ½" increments c/c. Extra perforations have been added on each side for aligning an SH52 divider or an SH57 guide with the side of the post (this part acts as a side edge and prevents interference between stored items and the post);

SH52 dividers are available for 18" and 24" deep shelving only;

Possibility to replace a sloped shelf with a right-angle BOX shelf;

Closed shelving proposals include back panels and front base;

Open shelving proposals include one back brace.

Shelving with Sloped Shelf Proposals

SRK1F-EE750502*

FIFO Open Shelving

Shown here are several of the most popular shelving models.

Proposals include open uprights and sloped shelves;

see page 94.

Proposals include two dividing guides per shelf. The guides can be adjusted in 1 ½" increments c/c;

The shelves have perforations for SH52 dividers and SH57 guides in 1 $\frac{1}{2}$ " increments c/c. Extra perforations have been added on each side for aligning an SH52 divider or an SH57 guide with the side of the post (this part acts as a side edge and prevents interference between stored items and the post);

SH52 dividers are available for 18" and 24" deep shelving only;

Possibility to replace a sloped shelf with a right-angle BOX shelf;

Proposals include single or double corner gussets (depending on configuration)

Shelving with Sloped Shelf Components

Shelves and Shelf Accessories

Sloped Shelf **SH27**

For gravity flow storage ("firšt in, first out" / FIFO) ;

Includes a heavy-duty front edge to keep stored items in place. Front edge height: 1 3/8";

20 gauge steel shelves (painted steel);

Shelf is placed on galvanized steel side supports (included);

Perforations for SH52 dividers and SH57 dividing guides in 1 ½" increments c/c; SH52 dividers are available for 18" and 24" deep shelving only;

Extra perforations have been added to the sides to optimize alignment of the divider or guide with the post and to prevent stored items from falling

Height adjustable in 1" increments except if SR35 or SR36 brackets are used (in which case, adjustment is in 2" increments);

Sloped shelves and non-sloped SH20/21 BOX shelves can be combined in the same unit;

Sloped shelf load capacity: 450 lb.;

Compatible with:

- SH99 bases for mobile shelving;
- SH41/43/91/93 doors with frame*;
- SH85 flipper doors directly underneath an SH27 shelf*;
- Drawers directly underneath an SH27 shelf*;
- SH28 bases:
- SH81 and SH82 label holders;
- SH37/38/66/68/69 and SR39 panels.

Note: Not compatible with the following products: SH50 dividers, SH56 dividing rods, SH65 and SH67 panels, SH35 corner gussets

NOTE *Not compatible with SR35/SR36 corner gussets.

Box Shelf SH20

Box-type shelf with front and rear edges roll-formed and welded;

20 gauge steel, 1 1/4" thick;

4 sturdy and compact SH60 clips included; Perforations for dividers (SH52) at every 3" c/c;

SH52 dividers are available for 18" and 24" deep shelving only;

To select your width, add the following to the product number: 30", 36", 42" or 48'

SH20: Reinforcements are available for these shelves. To see load capacity. SH21: To see load capacities and shelf reinforcements available.

refer to the following table. Product # SH20-__18 18 24" SH20-__24 SH21-__30' 30"

36"

SH21-

SH21 Shelf Load Capacity

Visual distortion is reduced if an SH26 reinforcement and two SH23 reinforcements are used on the shelf.

Two SH24 reinforcements increase the BOX shelf's rigidity (but does not increase the shelf's load capacity).

Guides **SH57**

PAGE

Guides for sloped shelves (version 01) can be used to guide items all the way down;

- Width adjustable in 1 1/2" increments;
- The front of the guide slots into the fold of the front of the shelf:
- The guide is held at the back by a plastic end piece that screws into the shelf holes;
- 18" and 24" deep guides use aluminum rods, while 30" and 36" deep guides use stainless steel rods.

Dividing guides for BOX shelves (version 02) can be used to separate items:

- Width adjustable in 3" increments;
- The guide is held at the front and back by a plastic end piece that screws into the shelf holes;
- 18" and 24" deep guides use aluminum rods, while 30" and 36" deep guides use stainless steel rods.

Heavy-duty black plastic end pieces.

SR10-099	SH10-099	99"
SR10-111	SH10-111	111"
SR10-123	SH10-123	123"

NOTE	The unique shape of the Spider® post
NUIE	is a Rousseau Metal Inc. trademark.

The maximum height for FIFO application (with SR35/SR36 NOTE

corner gussets) is 99".

Welded Open Upright

- SR11 open upright with perforated face for adding mini-racking units. Compatible with SR35 and SR36 corner gussets;
- SH11 open upright with smooth face for a superior finish. Not compatible with SR35 and SR36 corner gussets.

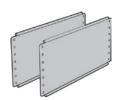

SR Universal Post	SH Shelving Post	Height
SR110752	SH110752	75"
SR110872	SH110872	87"
SR110992	SH110992	99"

The maximum height for FIFO application (with SR35/SR36 NOTE corner gussets) is 99".

Side Braces

SH34

SR12 / SH12

Sold in pairs:

Allow upright assemblies to be fastened in a "ladder-like" manner for easier assembly;

Recommendations:

- 1 pair per upright assembly up to 99" in height
- For upright assemblies over 99" in height, please refer to the S58 technical sheet or contact your customer service representative.

Product #	Depth
SH34-18	18"
SH34-24	24"
SH34-30	30"
SH34-36	36"

Welded Closed Upright

Upright with full-height factory welded parts; Fast assembly;

Complete the product number by choosing the desired depth: 18", 24", 30 or 36;

Choose either:

- SR12 closed upright with perforated face for adding mini-racking units. Compatible with SR35 and SR36 corner gussets;
- SH12 closed upright with smooth face for a superior finish. Not compatible with SR35 and SR36 corner gussets.

SR Universal Post	SH Shelving Post	Height
SR12075	SH12075	75"
SR12087	SH12087	87"
SR12099	SH12099	99"

Back Sway Brace

SH33

NOTE

"X" shaped, factory assembled brace;

Easy to install;

Recommendations:

- 1 pair per upright assembly up to 99"in height
- 2 pairs for posts over 99" in height

Please refer to the S58 technical sheet or contact your customer service representative.

Product #	Width
SH33-30	30"
SH33-36	36"
SH33-42	42"
SH33-48	48"

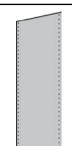

The maximum height for FIFO application (with SR35/SR36 NOTE corner gussets) is 99".

Do not use with FIFO shelving. Replace with SR35 and SR36 corner gusset kits.

Shelving with Sloped Shelf Components

Shelf Front or Front Base

SH28

SR35

Structural Perforated Back Panel

SH39

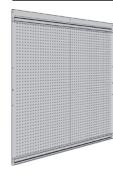

Same component for both applications;

Fast hook-on installation;

Note: Front base is always included with closed shelving proposals;

Complete the product number by choosing the desired width: 30", 36", 42" or 48".

Product #	Height
SH2802	2"
SH2805	5"

Perforated panel for shelving back;

Integrated part of the shelving structure;

Holes at every inch c/c;

Compatible with WM9F, WM9G, WM9H and WM9J

Compatible with WM9L and WM9K supports;

Pannel combinations:

- 75" H posts (39" + 39")
- 87" H posts (39" + 51")
- 99" H posts (51" + 51")

Note: Used without the SH31 back panels; Complete the product number by choosing the desired width: 30", 36", 42" or 48".

Product #	Height
SH3939	39"
SH3951	51"

Double Corner Gusset Kit

Double Corner Gusset Kit

SR36

Replaces back sway brace to provide full access to the front and rear of the shelving;

For use with an aisle-end post or a common post with joined shelves offset by at least 4" in height;

Does not allow two shelves side by side at the same height;

Installs at the front and back of the post;

Compatible with SH20, SH21 and SH27 shelves;

For use with SR uprights and posts only;

Not compatible with doors with frame, drawers, roll-out shelves and flipper doors;

Note: A minimum of three kits of two SR35 or SR36 brackets is required per post to provide proper lateral bracing;

Note: Not to be used for shelving over 99", multi-level shelving or double reinforcement for shelves (SHC2XXX).

Product #		
SR35-02	1 pair	
SR35-04	2 pairs	

Replaces sway brace to provide full access to the front and rear of the shelving;

For use with a common post with shelves side by side at the same height;

Shelving with Sloped Shelf Components

Installation Accessories

Floor Anchor Plate SH45 Wall Spacer SR47

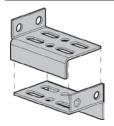

Sold individually;

Attaches to the post for anchoring shelving sections to the floor. Distributes the load on a larger surface and protects the floor;

12 gauge galvanized steel.

Product	#
SH45	

Designed to anchor shelving to the wall; Adjusts from 3" to 4";

Wall anchoring hardware not included (holes are $\frac{5}{16}$ in diameter).

Product # SR47-0304

Sold individually;

Evens out shelving units on uneven surfaces. Slides under SH45 floor anchor plate;

12 or 16 gauge galvanized steel.

Product #	Thickness
SH46-12	12 gauge (0,100")
SH46-16	16 gauge (0.060")

Floor Anchoring Hardware

SH47

Used for anchoring shelving to the floor; Includes 4 cement screws.

Product # SH47-04

Leveling Glides Kit

Serves to adjust the height of the Spider® shelving unit 11/4" to 21/4" on uneven floor surfaces; Maximum capacity of 750 lb. / glide;

Restrictions:

- Offered for 99" high shelving and less
- Compatible with SR posts and SR uprights only
- Not compatible with RF32/RF36 drawers, RF41/ RF45 roll-out shelves and the SH28 base;

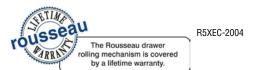

Sold in pairs.

Product # SR49-01

Mini-Racking

SPIDER® MINI-RACKING SYSTEM

With a wide range of dimensions and options available, industrial-quality Mini-racking units offer an efficient way to store bulky items in a scalable system that easily adapts to specific needs.

The Spider® Mini-racking system is heavy duty, easy to assemble, and is the most versatile and complete solution of its type on the market.

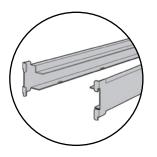

Designed for intensive use, the system helps you to use the space you have available to its full potential, in areas such as warehouses, repair shops and distribution centers.

Mini-Racking

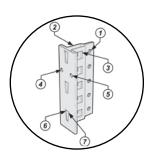

The Rousseau Advantages

Steel beams designed for several platform types: steel, wire mesh and wood.

The beams' "claw" that grips to the uprights ensures a rigid structure that can be assembled in no time.

Standard post compatible with Mini-racking and industrial shelving

Using a combination of modular drawers with a shelving unit, joined to the Mini-racking structure, both bulky items and small parts can be stored together.

SEE PAGE 77-78

NOTE The unique shape of the Spider® post is a Rousseau Metal Inc. trademark.

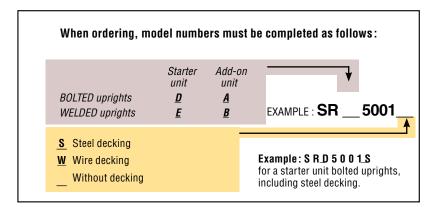

General Dimensions

SRE5127S

Mini-Racking Proposals

Mini-Racking with Choice of Decking

The beams are designed to receive steel shelves (SR40, SH20), wire decking (SR42) or wood panels at least 5/6" thick.

Steel

To order a unit with steel shelves, complete the product number with an **S**.

Wire

To order a unit with wire shelves, complete the product number with a $\mathbf{W};$

Not compatible with 18" depth.

For Wood Panels

To order a unit without decking (Ex.: for use with wood panels) leave the product number as is.

Mini-Racking Accessories

Hanging Rail SR62 Hook for Rail SR63

300 lb. capacity per rail; Installs on Spider® post with hooks, no bolts; Includes security mechanism to keep from

accidentally unhooking;

3 installation positions possible: one in the middle and two closer to the edges;

Compatible with SR63-02 hooks (not included);

Hooks pivot once installed on the rail. They can be put on and taken off the rail at all times, even when the rail is in place on the adaptors;

Rail and adaptors in galvanized steel;

Note: When doing a side-to-side combination with a mini-racking and a back-to-back shelving, call the customer service department for compa-tibility of SR62 hanging rails.

Mini-Racking Accessories

Single Divider SR60 SR61 Double Divider SR60

Divides those parts that lean vertically against the back of the Mini-racking;

Installs on medium-duty (SR21) or heavy-duty (SR22) beams:

Divider can be adjusted laterally (left to right) without tools;

Compatible with 24" deep shelving and deeper.

Product #	Depth	
SR61-2401	24"	

Supports parts and boxes that are stored vertically in a Mini-racking unit. Parts lean against "D" shape of the divider;

Attaches on two medium-duty (SR21) or two heavy-duty beams (SR22);

Space between the two beams must be 14" c/c; Divider can be adjusted laterally (left to right) without tools:

Compatible with 24" deep shelving and deeper; Designed to support lateral load.

Product #	D x H	
SR60-2415	24" x 15"	

Full Height HD Utility Panel

SH69

HD utility panel for end of aisle unit;

Holes at every 1" c/c;

Fast and easy hook-on assembly;

Polished look;

Available in 4 widths: 12" (9 holes), 15" (13 holes), 18" (15 holes) and 24" (21 holes)

Compatible with both light and heavy-duty hooks: WM9F, WM9G, WM9H, WM9J, WM9A and WM9B; Also compatible with WM9C, WM9D, WM9M,

WM9N supports and WM21 shelf;

Capacity: 50 lb./square foot, maximum of 500 lb. per panel, evenly distributed load;

Compatible with certain multi-level shelving applications. Contact our customer service;

Complete the product number by choosing the desired depth: 15", 18", 24" or 36".

Wood Decking Dimensions

Dimensions of 30", 36" and 48" deep units are suitable for Mini-racking and two back-to-back units (except for 96 $\frac{1}{2}$ " W). Please see the S52 technical guide. Some dimensions are suitable for Mini-racking and back to back shelving. See the S52 technical guide.

Wood panels are not provided by Rousseau.

IMPORTANT

Beams are designed for plywood or particleboard panels of at least 5% thick.

Mobile Shelving and Mini-racking

MOBILE SHELVING AND MINI-RACKING

Mobile storage allows you to complete your tasks quickly and effectively while keeping equipment close at hand.

The heavy-duty base has been specially designed so you can easily and safely move a load of up to 1000 lb. per unit!

These bases offer many advantages:

- · Clear the floor area to facilitate cleaning under shelving;
- · Quickly reconfigure your department;
- · Move furniture closer to workstations;
- Etc.

You can also choose accessories, such as handles to facilitate moving units, or protective plastic corners to prevent damage from impacts.

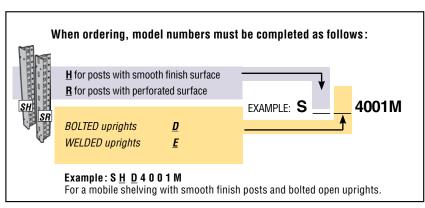

SRE4522SM

SEE PAGE 111

Proposals - Mobile Shelving

Mobile Shelving

Preconfigured models of mobile shelving units are shown here.

Models include one shelving, the mobile base for Spider® shelving and 4" casters,

2 swivels with total-lock brake system and 2 rigids;

For the length of the base, add 3 $^3\%^{\circ}$ to the nominal dimensions; Ex.: A 48" wide base would be 51 $^3\%^{\circ}$ wide total;

Shelving comes with uprights, braces and BOX shelves;

Capacity: 1000 lb. per base;

All models are quick and easy to assemble and can be disassembled when not in use;

Note: For a side-to-side combination, see the mobile base for Mini-racking;

Note: Not compatible with drawers or roll-out shelves in shelving and SH41/SH43/

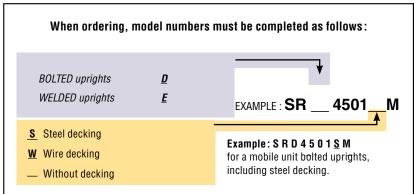

SH91 and SH93 doors.

Proposals - Mobile Mini-Racking

Mobile Mini-Racking

Preconfigured models of mobile Mini-racking units are shown here.

Can be ordered with steel decking, wire decking or without decking;

Proposals include the mobile Mini-racking base with 4" casters, 2 swivels with total-lock brake system and 2 rigids;

Models with a 30" or deeper base include the handle for mobile Mini-racking;

36" to 72" wide units include medium duty-beams and 96" wide units include heavy-duty beams:

To calculate the real length of the base, add 3 $^3/_6$ " to the nominal dimensions; Ex.: A 60" wide base would be 63 $^3/_6$ " wide total;

Capacity: 1000 lb. per base;

All models are quick and easy to assemble and can be disassembled when not in use.

Steel

To order a unit with steel shelves, complete the product number with an **S**.

Wire

To order a unit with wire shelves, complete the product number with a **W**;

Number of Levels

Not compatible with 18" depth.

Dimensions

For Wood Panels

To order a unit without decking (Ex.: for use with wood panels) leave the product number as is.

Components - Mobility

Mobile Base for Spider® Shelving

SH99 Mobile Base for Mini-Racking

SH99

Allows installation of casters under Spider® shelving;

Only offered for Rousseau Spider® shelving; Compatible with 4" or 6" casters (sold separately);

The shelving must have exactly the same dimensions as the base;

No back-to-back combinations possible. For side-to-side combinations, see the Mini-racking

Compatible with 18" and 24" deep, 36", 42" and 48" wide shelving;

The 18" deep base is compatible with 63" high shelving or less;

The 24" deep base is compatible with 75" high shelving or less;

Not compatible with the drawers or the roll-out shelves in shelving and SH41/SH43/SH91 and SH93 doors;

Important: does not include casters, handle or bumpers. They must be ordered separately; Complete the product number by choosing the desired depth: 18" or 24";

Note: With SH81 casters, total height = 7 V_{16} " with SH84 casters, total height = 9 $^5V_{16}$ " with SH85 casters, total height = 9 $^7V_{16}$ ".

Product #	Width	Real Width
SH99-36	36"	39 3/16"
SH99-42	42"	45 ³ / ₁₆ "
SH99-48	48"	51 3/46"

Allows installation of casters under Mini-racking; Only offered for Rousseau Mini-racking;

Compatible with 4" or 6" casters (sold separately); Compatible with 24", 30", 36" and 48" deep, 48", 60", 66", 72" and 96" wide and 63" and 75" high Mini-racking;

Side-to-side shelving or Mini-racking combinations are possible but they must have the same width:

- 48" base (not compatible)
- 60" base (30" + 30")
- 66" base (not compatible)
- 72" base (36" + 36")
- 96" base (48" + 48");

When doing a side-to-side combination, make sure to order an extra pair of rigid casters (under the adjoining posts);

Back-to-back configuration is not possible; Important: does not include casters, handle or bumpers. They must be ordered separately; Complete the product number by choosing the desired depth: 24", 30", 36" or 48"

Note: With SH81 casters, total height = 7 1/16" with SH84 casters, total height = 9 5/16" with SH85 casters, total height = 9 7/16"

Product #

SH97-__01

Made of high density plastic;

Installed on the 4 corners of the base to protect from impacts;

Sold in kits of 4.

Product # SH98-01

Modular Drawer in Shelving

MAXIMIZE STORAGE CAPABILITY

Say goodbye to poorly lit shelves, backaches, and difficulty accessing materials caused by inadequate storage! Let us help you redesign your space.

As storage specialists, we recommend integrating Rousseau drawers with your shelving to get the most out of it. Opt for a hybrid and versatile system that has proved itself over and over for the past 25 years.

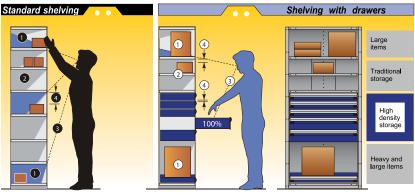

With their sturdy construction and distinctive appearance, Rousseau drawers add value to your existing equipment. The Rousseau modular drawer can be installed in over 35 brands of shelving on the market, making it possible to keep existing materials. A simple and economic solution...Just think about it!

- Top and bottom shelves used less and hard to
- Poor lighting at the back of shelves.
- Visibility of items hampered by shelves blocking field of vision. Unused space between shelves. Not optimized

RESULT : Items are harder to locate and taking inventory is more difficult.

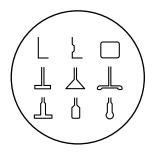

OUR RECOMMANDATIONS

- More widely spaced shelves for larger items.
- ② Close-set shelves positioned at eye level.
- Objects are easy to locate in drawers that open 100%.
- Use of space optimized, based on the size of stored items.

RESULT : Better organized

Modular Drawer in Shelving

The Rousseau Advantages

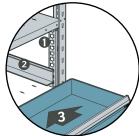

Can be installed in over 35 brands of shelving on the market. Easy and quick hook-on assembly for most brands of shelving.

Several dimensions available: 30", 36",42" and 48" W by 18" and 24" D. Same brackets for different dimensions.

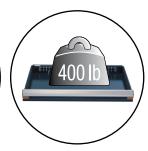

10 drawer heights and 7 side heights available.

Easy and fast installation:

- 1. Hook brackets on;
- 2. Hook rails on;
- 3. Insert carriages and drawers.

400 lb. capacity per drawer. Most durable drawer in the industry.

Components

Mounting Brackets

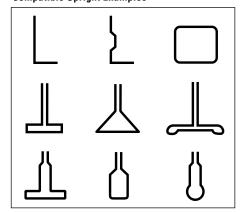

Standard Mounting Brackets

RE00

Rousseau modular drawers are adaptable to more than 35 brands of shelving available on the market.

Compatible Upright Examples

Easy hook-on assembly for most brands of shelving; Standard heights: 18", 24", 36" and 48";

The mounting bracket kit is compatible with all drawer widths for Rousseau shelving (30", 36", 42" and 48");

Each kit includes 2 front and 2 rear mounting brackets and all necessary hardware;

SEE PAGE

Holes at every 1" c/c for drawer adjustment; Two mounting bracket sets may be stacked simply by installing a shelf between them. The total height of the drawers should not exceed 60". Ex.: 36" + 18" = 54" is safe;

To order mounting brackets of non-standard heights, contact our customer service;

To order, complete the product number with the

code for your brand of shelving. Ex.: RE30-48 for Rousseau Spider® shelving.

Product #	Height

Some Accomplishments

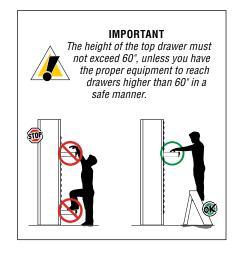

Assembly and Security Recommendations

Stacking Brackets

Bolted Shelves

Shelf beneath the drawers

Two sets of mounting brackets can be stacked if a shelf is bolted between the two sections of drawers. Ex.: 36" + 18".

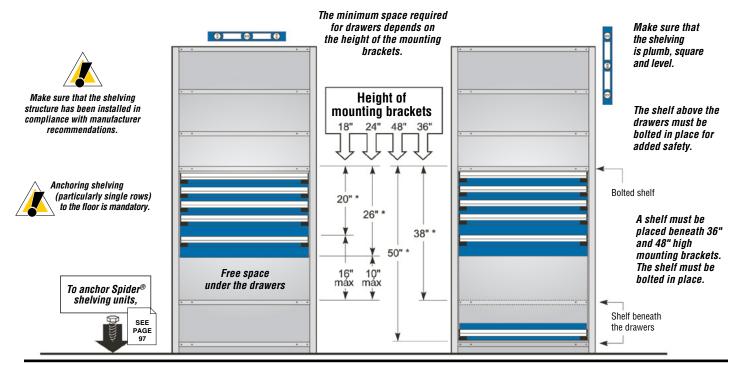

Assembly

Assemble using simple tools in three easy steps :

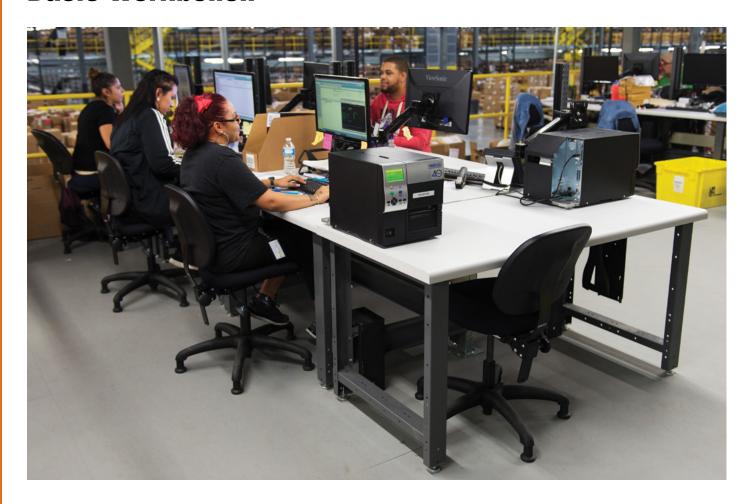

To the floor or wall

^{*} Subtract 1/2" for shelving with 11/2" adjustable shelves (c/c).

Basic Workbench

BASIC WORKBENCH

Whether you are looking for a basic workbench with two legs and a top, or a specialized table that is stationary, mobile, or adjustable in height, you will find a solution for each and every application.

You will appreciate their versatility as they evolve with your changing needs by simply adding any of the numerous easy-to-install accessories.

Rousseau offers you several work surface dimensions for each of the surfaces offered: painted steel, stainless steel, laminated wood, laminated Acrylic/PVC, laminated and dissipative plastic tops. Rousseau, the one-stop solution to simplify your life!

Basic Workbench

The Rousseau Advantages

for excellent rigidity.

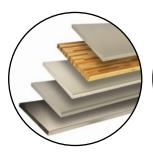

Optional power supply available.

Doors close and secure the underside of the work surface in the solid and polycarbonate versions.

Drawers on precision ball bearing slide system. Several drawer and unit heights.

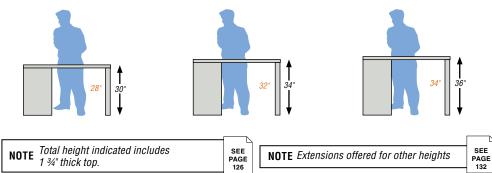

Choose from our different work surfaces for specific applications.

Many of our workbenches can be made mobile in order to better meet your needs.

Components – Work Surfaces

Work Surfaces

Painted Steel Top

WS10

Stainless Steel Top

WS12

Top for industrial, maintenance, repair or assembly applications:

Thickness: 1 3/4";

2 steel crossbars for attaching legs;

3 wood crossbars (2" x 4") for attaching cabinets and other accessories;

May be reinforced or soundproofed with a WS75 wood filler;

Excellent impact resistance;

Powder paint.

Top for industrial, maintenance, repair or assembly applications or when solvents, oils or other chemical products are being used;

Thickness: 1 3/4". 12 gauge steel;

Brushed finish #4, attractive appearance;

2 steel crossbars for attaching legs;

3 wood crossbars (2" x 4") for attaching cabinets and other accessories;

May be reinforced or soundproofed by adding a WS75 wood filler:

Excellent corrosion resistance;

Excellent chemical resistance (can be in prolonged contact with a substance);

Note: The RC35 top is also compatible with the fixed workstations (not recommended for mobile applications), see page 12.

Laminated Hardwood Top

WS14

Top for general industrial applications;
Thickness: 1 ¾";
Made with varnished hardwood slats;
90° radius front edge for more comfort;
Good impact resistance;
Attractive appearance.

Plastic Laminated Top

WS16

Top for general applications. Ideal for assembly, quality control and packaging applications;

Thickness: 1 1/2";

Colors: Default is white. For another color, add -BA for black or -GB for gray to the end of the product number.

Ex.: WS16-6024A-BA for a black top;

Attractive appearance;

Easy to clean;

90° radius front edge for more comfort.

NOTE

White

Black* -BA

Gray*
-GB

NOTE Please refer to W54 tech sheet for capacity according to configuration. Available on Multi Tool CD.

The 21" deep cabinets are compatible with the 24" WS10/12

The 21" deep cabinets are compatible with the 24" WS10/12 tops.
The 21" deep cabinets are not compatible with the 30" and 36" WS10/12 tops.
The 27" deep cabinets are compatible with the 30" and 36" WS10/12 tops.

Resistant Acrylic / PVC Plastic Laminated Top WS08

Ideal for assembly stations or for applications using solvents, oils or other chemical products;

Thickness: 1 1/2";

Color: Gray;

Core made of particle board;

Finish: sheet of gray polymer;

Deluxe quality laminated top;

Excellent chemical product resistance (can be in prolonged contact with a substance);

Superior abrasion resistance compared to standard laminated top:

Superior impact resistance compared to standard laminated top;

Attractive appearance.

Dissipative Top

WS17

Top for electronics applications. Ideal for assembly or electronics inspection stations;

Thickness : 1 ½";

Color: White;

Attractive appearance;

Easy to clean;

90° radius front for more comfort;

Dissipates electric charges that can damage electronic components;

Resistance point to point and point to ground between 10^6 and $10^9\,\Omega_{\cdot}$

Work Center Plus Above Work Surface Structure

WORK CENTER PLUS ABOVE WORK SURFACE STRUCTURE

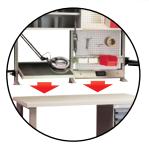

Whether you are installing a workbench for a production or assembly line, or a custom layout for your machine tool workshop, our line of products offers you an impressive selection of accessories that are sure to meet and surpass your expectations. From shipping and receiving, to your foreman's office, the quality and variety of our product will more than satisfy you.

Moreover, the Rousseau multi-purpose frame presents an immense advantage by being so easy to reconfigure, without tools. It can be changed according to your evolving needs by simply adding accessories.

Rousseau offers you several work surface dimensions for each of the surfaces offered: painted steel, stainless steel, laminated wood, laminated Acrylic/PVC, laminated and dissipative plastic tops. Rousseau, the one-stop solution to simplify your life!

Work Center Plus Above Work Surface Structure

The Rousseau Advantages

Rousseau will meet even your most specific workbench need, from top to bottom.

Re-configuring your workbench is easy and can be done without tools. This means your system will evolve with you and your needs.

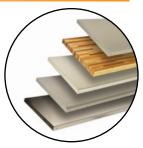

Our impressive array of standard accessories allows you to build a custom bench.

The WM structure can be installed on most industrial workbenches on the market. The six fixing zones mean limited interference and endless possibilities.

WM11

Components – Structure Above the Work Surface

Multi-Purpose Frame Components

Multi-Purpose Upright

WM10

May be installed on most workbench tops offered on the market. Requires a good quality top, at least 1 ½" thick;

Characterized by its shape and rigidity;

Offers up to six fixing zones for a minimum of interference between components;

Perforated on front and back faces at 1" c/c intervals for optimum adjustment of accessories ①②④⑤;

Features two black aluminum extrusions on the sides for infinitely adjustable accessories ③ ⑥;

Five anchor points on the foot ensure stability on the two main axes;

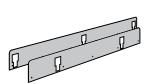

Symmetrical shape means the upright may be used for back-to-back workstations;

The 48" height is ideal for overhead accessories.

TEKZONE Workstation Hutch

and personalized workspace.

tion allows your workstation to evolve in line with your needs.

workspace.

smoothly and securely.

mobile to better meet your needs.

TEKZONE WORKSTATION HUTCH

With the TekZone workstation hutch, you can create a personalized and organized workspace.

The work area it provides is spacious and well lit. Each TekZone Hutch is equipped with an LED light with motion sensor so the workspace lights up as soon as you open the door.

A wide range of accessories helps you to stay tidy by freeing up the work surface while keeping your essential tools close at hand.

The ingenious door mechanism allows you to open and close the hutch easily, smoothly and securely. With the full-width handle, you can open the door with any hand position. The door is fitted with a lock to protect the contents of the hutch.

The TekZone hutch installs on heavy-duty cabinets, Rousseau workstations and most other workstations on the market. Treat yourself to a distinctive solution!

4 Easy Steps

You can guickly and easily configure your own layout in just four steps.

STEP 1: CHOOSE PANELS

Choose the panels you want in the hutch: louvered panels for plastic bins, utility panels or finishing panels.

To ensure your TekZone hutch remains well lit, you can choose between stainless steel or painted steel panels. For painted steel panels, we recommend choosing one of the following five paint colors:

STEP 2: CHOOSE POWER FEED PANEL

Then you choose a power feed panel from the following four models:

Product #	Description
TZ-M0 00 _	Finishing panel no outlets
TZ-M0 T1 _	3 power outlets (12A), knockout and perforation
TZ-M0 T2 _	3 power outlets (12A), 2 USB ports
TZ-M0 T3 _	3 power outlets (12A), 2 USB ports, knockout and perforation
TZ-M0 T4 _	3 power outlets (12A)

STEP 3: CHOOSE TOP

This step is for deciding which type of work surface best meets your needs:

	Surface	Tops for "R" cabinets				
	Height	Painted steel	Stainless steel	Laminated wood	Nitrile 3/16"	Neoprene 1/8"
Γ	1 3/4"	RC37	RC35	WS14	-	-
	Thin	RH10	RH11	-	-	-
	Mat	-	-	-	RH91	RH90

Surface	Tops for "R" Workstations				
Height	Painted steel	Stainless steel	Laminated wood	Nitrile 3/16"	Neoprene 1/8"
1 3/4"	RC37	RC35	WS14	-	-
Mat	-	-	-	RH91	RH90

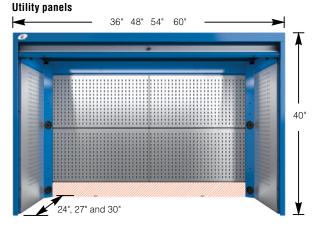

Surface	Tops for "WS" Workstations				
Height	Painted steel	Stainless steel	Laminated wood	Nitrile 3/16"	Neoprene 1/8"
1 3/4"	WS10	WS12	WS14	-	-
Mat	-	-	-	RH91	RH90

STEP 4: ACCESSORIES

Finally, you can equip the hutch with accessories of your choice.

(1)

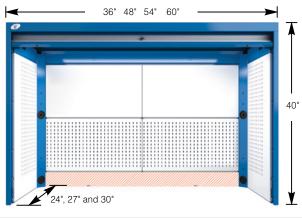

Dimensions and Panel Types

| Width: 36" = E 48" = H 54" = J 60" = K | Depth: 24" = E 27" = G 30" = H | Painted steel: P | Specify the desired width.

Utility panels and finishing panels

Back panels logic

TZ-U__40X002PL3

36" wide: Two full-width 15" high panels

48", 54" and 60" wide: Four half-width 15" high panels

Back and side panels capacity

Panel capacity: 100 lb. per panel

Power Feed Panel

The power feed panels are fitted with a 10' power cord; Center panel can be used to manage power and network cables. Finishing panel no outlets

TZ-M0_ _ 00 _

3 outlets - 12A, 2 USB ports

Corner Workstation

CORNER WORKSTATIONS

Corner workstations allow for a more complete and integrated layout. They also help to optimize the space available for work and storage.

To order, choose "WITH" or "WITHOUT" cabinet under the worksurface. Then configure your workstation. Options vary depending on the configuration chosen.

MAIN FEATURES

- Ergonomic 36" or 40" work surface height
- Standard 30" work surface depth
- Choice of two configurations: with or without cabinet under the work surface
- Leveling glides included in each model for a stable and level workstation
- Designed to be placed against a wall or back to back
- Must be anchored to two cabinets of the same height and depth, one on each side (LA30, RA30 or RA35). Check out the Cabinet (page 4) or "R" Multi-Drawer Cabinet (page 57) sections.

Possible configurations

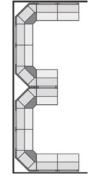

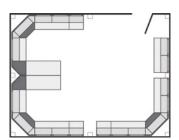

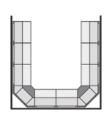

MULTITEK Cart

MULTITEK CART

The MultiTek Cart is an ergonomic and multi-purpose cart. In an innovative leap forward from standard cart solutions, not only does it transport tools, parts and other items, it also functions as a small portable workstation.

Many configurations are possible, ranging from minimalist to fully equipped. A wide range of accessories can be installed, allowing you to keep your tools conveniently organized, in your own personalized and mobile workstation.

All models come with a PVC mat, while carts with drawers feature a lock-in mechanism to prevent them from opening by themselves, and those with a cover have a lock for extra security.

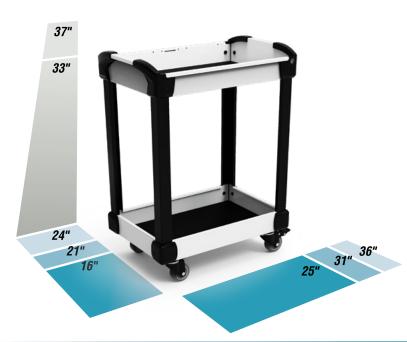

Small, light and maneuverable, the MultiTek Cart is the ideal companion to help you perform your daily tasks.

Multi-Purpose Stand

MULTI-PURPOSE STAND

The multi-purpose stand allows you to keep a multitude of accessories close at hand, from the simplest tools to complex computer parts, spools supports and electronic equipment.

Both the centered and off-center stands give you fast access to each and every item you're storing. In addition to the stationary stands, available in 36", 54" and 84" high, Rousseau also offers a 36" and 54" high mobile version.

The accessory layout on the Rousseau multi-purpose stand is easily changed, without tools. Modify the stand according to your evolving needs by simply adding and moving the accessories.

Wall Mounted and "5S" Storage

WALL MOUNTED AND "5S" STORAGE

Many Rousseau products are offered with in a wall mounted version to better organize, maximize available space and keep floors unburdened. With wall mounted applications, cleaning is easy and everything in kept at hand's reach.

Over the years, Rousseau has developed many different storage solutions to meet the standards of the 5S methodology. The aim of this Japanese technique is to continuously improve the work environment. Its name comes from the same first letter used to illustrate its five fundamental principles: Sort, Set in Order, Shine, Standardize and Sustain. It is designed to optimize organization and efficiency of the work environment by ensuring each tool is in the right place, easy to find and well identified.

A choice of 20 standard colors is also available to color code your 5S management.

Organizational Wall Structures

Multi-Purpose Wall Mounted Frame

WM35

Wall Utility Panel

WM57

300 lb. capacity (wall and wall anchoring must be strong enough);

The sturdiest and the most durable on the market

Tested in an independent laboratory, the Rousseau drawer proved its superiority on many levels: loaded to its full capacity, the Rousseau drawer completed a high level of cycles, without showing any signs of wear. The Rousseau drawer has become the champion of its category.

Its performance can be defined in terms of its durability. The Rousseau drawer's sturdy construction offers superior output while having a much longer lifespan. This is why Rousseau doesn't even hesitate to offer a Lifetime Warranty on the drawer rolling mechanism. An undeniable advantage!

A multitude of accessories

The Rousseau drawer makes your work easy: the vast array of accessories offered, all of which are compatible with each other, contribute to maximizing the organization of your work space. In addition, all of these accessories can be easily rearranged according to your needs, making them a joy to use and displaying just how highly functional they are.

Streamlined design

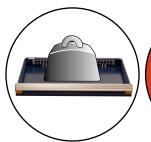

In addition to being sturdy and functional, the Rousseau drawer has an alluring appearance. It fits just as well in an office as it does in a factory. It allows you to arrange your work space in a harmonious and aesthetic fashion. The unique shape of the "R" drawer is a Rousseau Metal Inc. trademark and we have protected the industrial design of the drawer.

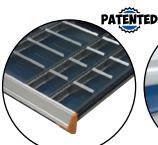

The Rousseau Advantages

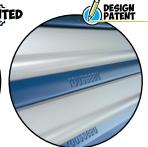

With a capacity of 400 lb., the drawer can be opened thousands of times without showing signs of slowing down.

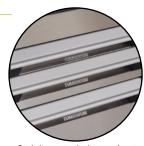

10 drawer heights and 8 side heights are available.

Partitions and dividers are clipped in.

Company name embossed on the face of the drawer. If you don't see ROUSSEAU, it's not a ROUSSEAU.

Stainless steel drawer front brings a polished look to cabinets and shelving. Excellent chemical and corrosion resistance.

Details that make the difference

ERGONOMIC

The full-width handle as well as the accessories (Integrated Lock-In mecanism, Lock-Out mechanism, lock, etc.) have been designed down to the smallest detail in order to make your work easier.

EFFICIENT

A multitude of available accessories, such as partitions and dividers, plastic bins, groove trays, foam for tools and hanging file bars allow you to organize your space.

ACCESSIBLE

Drawers open 100%, giving you complete access to the contents.

STURDY

400 lb. capacity per drawer.

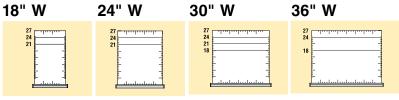

DURABLE

The unique shape of the "R" drawer is a Rousseau Metal Inc. trademark.

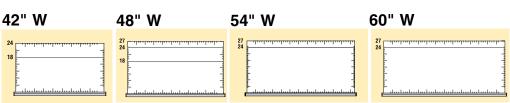

INGENIOUS

Accessories can be added at all times.

22 drawer sizes x 10 heights = 220 possible dimensions

Locking and Security Mechanisms

Integrated Lock-In Mechanism

Activated by tilting the handle up; Allows you to open the drawer and roll-out shelf with one hand only;

Close the drawer and roll-out shelf by simply

Stops drawer and roll-out shelf from opening on their own in mobile applications;

Easy to retrofit;

Order by adding A to the drawer or roll-out shelf or partitioning model number.

Ex.: RF32-362406A;

For replacement parts or to retrofit this mechanism, order RY08-WWA.

Product # Α

Econo Lock-In Mechanism

Activated with the right hand by sliding the mechanism with your thumb;

Drawer and roll-out shelf close without having to reactivate the slide mechanism;

Stops drawer and roll-out shelf from opening on their own;

Order by adding B to the drawer or roll-out shelf or partitioning model number. Ex.: RF32-362406<u>B</u>;

For replacement parts or to retrofit this mechanism, order RY01-B.

Product #

Lock-Out Mechanism

For both drawers and roll-out shelves; Locks in open position;

Activated manually, only when required; Compatible with all drawer accessories; Plastic bins positioned in the back row, may make it more difficult to activate mechanism.

Product # RF85

Drawer Lock

KA, KD or MK

Compatible with all drawer and roll-out shelf dimensions;

Does not affect usable drawer space;

Easy to retrofit;

Order by adding L3 to drawer or partitioning model number. Ex.: RF32-362406L3;

For replacement parts or to retrofit this mechanism, order RY01-L3.

Computer Station

COMPUTER STATION

With our vast range of products and accessories, you can create a customized computer station that is tailored to your needs. Whether you need your computer station equipped with a worksurface, extra storage, or even a basic inquiry station, we have the solution you need!

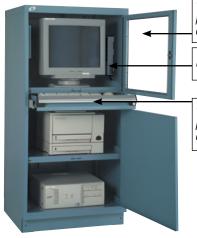

Our products are designed for industrial use (production floor, packing, maintenance and repair, machine shop, etc.), but with their attractive design, they can also be used in office environments (laboratories, electronic and computer environments, etc.).

Computer Cabinet

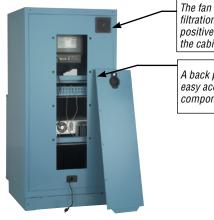

The Rousseau computer cabinet ensures a protection of the computer. The fan with filter will promote proper air circulation.

The 25 ¹⁵/₁₆" x 19 ¹/₄" polycarbonate panel is demagnetized to avoid image distortion.

Includes a power outlet strip.

The palm rest on the keyboard drawer provides good wrist support when consulting computerized data.

The fan equipped with a filtration screen creates a positive pressure inside the cabinet.

A back panel provides easy access to computer components.

Accessories Underneath the Worksurface

Sliding Keyboard Tray

WS90-01

CPU Support

WS92

May be mounted on all surfaces; Mouse tray slides to the left or right side, as needed;

Usable area : 8 ½" x 20 ½"; Mouse tray : 9 ¾" x 9 ⅓".

Product #	Color
WS90-01	Black

May be mounted on all surfaces;

Handle allows width of plastic side support to be adjusted;

Adjustments accommodate computers with dimensions of 3 ½" to 9 ¼" width by 12 ½" to 22 ½" height;

Width: 8 3/8" to 11 1/2"

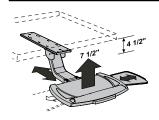

Depth: 6 3/4" (8 1/2" with handle);

Height : 18" to 26".

Product #	Color
WS92-01	Black

Adjustable Keyboard Tray

WS90-02

Support with articulating arm designed for use in the sit/stand position;

May be mounted on all surfaces;

Includes:

 mouse tray, slides to the left or right side, as needed

- ergonomic palm rest

Slides under the work surface for storage. Sturdy construction;

Usable area : $9\frac{1}{2}$ " x $20\frac{1}{2}$ "; Mouse tray : $9\frac{3}{8}$ " x 9".

Product #	Color
WS90-02	Black

Computer Supports for Work Surfaces

All models presented includes these specifications:

Installs on the work surface with the RC68 or RC69 finishing panel for computer support;

Compatible with the following work surface: WS14, RC35, RC36 and RC37; Each support comes with an 18" high post allowing a custom fit for each user;

The work surface shall extend beyond the rear by 1 ½";

Articulating arms, adaptors and trays are painted in black;

Does not install directly on the housing.

LCD Monitor Support

Designed to support most LCD monitors up to 21" available on the market;

Includes one or two double articulating arms; Positioning of monitor anchors comply with VESA 75 and 100 standards;

The double articulating arm allows for increased adjustability;

The screen can also be tilted for better ergonomics;

Single or double LCD monitor support available for order.

Product #	For
RC59-03	Single screen
RC59-04	Double screen

Laptop Support

Designed to hold a laptop computer, papers, binders or any other object;

Usable tray surface : 14" W x 12" D;

Includes one double articulating arm and the tray;

The double articulating arm allows for increased adjustability;

The tray can also be tilted for better ergonomics.

Product # RC59-42

LCD Monitor, Keyboard and Mouse Support

Designed to hold a computer monitor, keyboard and mouse;

Usable surface of the keyboard and mouse tray: $23^5\%$ W x $8^{1}\%$ D;

Includes one articulating arm and the tray; Positioning of monitor anchors comply with VESA 75 and 100 standards;

Can support most LCD monitors up to 21" available on the market;

Tray and screen can also be tilted for better ergonomics.

Product # RC59-21

Electronic Tablet Support

Designed to support most electronic tablets on the market;

Includes one double articulating arm and the tablet support;

Safely holds the tablet in place;

The holding clamps and back of the support are rubberized to help prevent scratches and damage to the device;

The double articulating arm allows for increased adjustability;

The support can also be tilted for better ergonomics.

Size of compatible tablet:

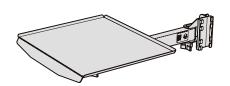

- small: 7 5/8" to 10" wide
- large: 9 7/8" to 12 1/4" wide.

Record Storage

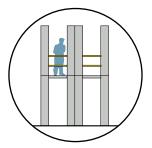

The Rousseau Advantages

A unique and highly functional post. The common post is the cornerstone of the structure. Its unique T-shape offers up to 7 fixing zones for different applications. Plus, its hollow center makes for installation without interference between sections.

Record storage units can be combined with the Spider® industrial shelving system.

It is possible to use your vertical space to the maximum by combining the Spider® record storage system with two-level shelving.

Shelves are installed with compression clips. The beams hook onto the front of the post and are designed to work with steel, wood and wire decking.

RECORD STORAGE

With the Rousseau record storage system, wasted space is a thing of the past. Our specially constructed shelving system was designed with the popular sizes of record storage boxes in mind. In addition, our record storage system is perfectly compatible with all of the other industrial shelving accessories, thanks to the one-of-a-kind post.

Is your need for storage space greater than you originally thought? Equipped with catwalk mezzanines and deck-over shelving, our multi-level shelving system might be just what you're looking for. Ask for help from one of our specialists, they'll find the perfect solution, just for you!

Wood Panel Dimensions and Capacities

Wood panels must be cut to the dimensions specified in this chart.

Upright	Beam Width (cap	No. of	
assembly depth	42"	66"	tie bars
15"	40¾" x 141/8" (1000)	64¾" x 141/8" (725)	1
16"	40¾" x 151/8" (1000)	64¾" x 151/8" (725)	1
30"	40¾" x 29 3/8" (1025)	64¾" x 293/8" (700)	2
32"	40¾" x 313/8" (1025)	64 ³ / ₄ " x 313/8" (700)	2

IMPORTANT

Wood panels are not provided by Rousseau. Beams are designed for plywood or particleboard panels at least 5/8" thick.

* Shelving load capacity tests are based on ANSI MH28.2 Shelving Manufacturer Association (SMA) standards. Capacities incorporate a safety factor and are valid for an equally distributed load. Capacities are indicated in pounds.

These dimensions are suitable for Mini-Racking and back-to-back shelving.

Installation Accessories

Floor Anchor Plate

Sold individually;

Plate fastened to the post to anchor sections of shelving to the floor. Distributes load over a greater surface area and protects the floor;

12 gauge steel.

Product # SH45

Floor Anchor Hardware Kit

SH47

Shim Plate SH46 Wall Spacer SR47

SH45

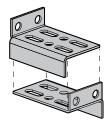

Sold individually;

Used to level shelving. Slides under the floor anchor plate;

12 or 16 gauge steel.

Product #	Thickness
SH46-12	12 gauge (0,100")
SH46-16	16 gauge (0,060")

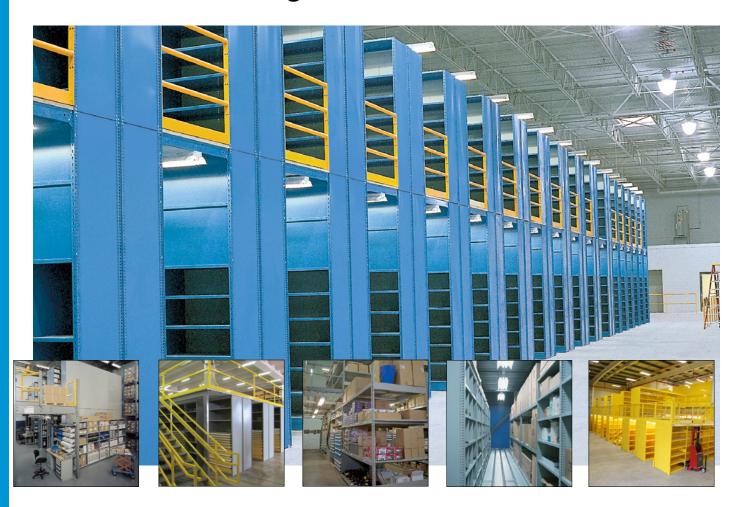

For anchoring shelving to walls;

3" to 4" adjustment;

Wall anchor hardware kit not included (holes 5/16" in diameter).

Product #

Multi-Level Shelving

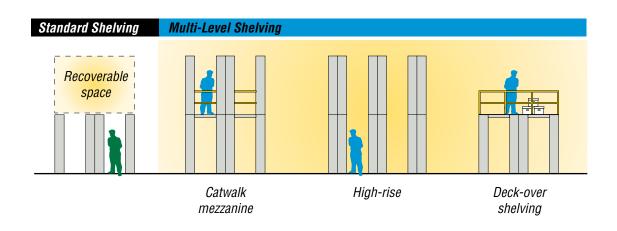

MULTI-LEVEL SHELVING

Experiencing lack of space? Before building on an addition, think about Rousseau multi-level shelving. It allows you to increase efficiency by using the space you already have to the maximum: in height, width and depth.

Our specialists will suggest solutions to get around all of the obstacles in your path: construction support beams, columns, doors, ventilation conduits, etc.

Rousseau multi-level shelving will maximize your storage by combining shelving, modular drawers and Mini-Racking and adapting it to your inventory. Store all of your parts in a small area and reduce wasted time moving through your inventory to find parts.

Multi-Level Shelving

Expertise that Leaves Nothing to Chance

IMPORTANT

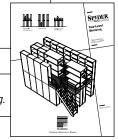

The multi-level shelving system is subject to standards and recommendations in earthquake-prone regions.

Rousseau project managers are available to assist you in determining your shelving and sway bracing for multi-level shelving system projects.

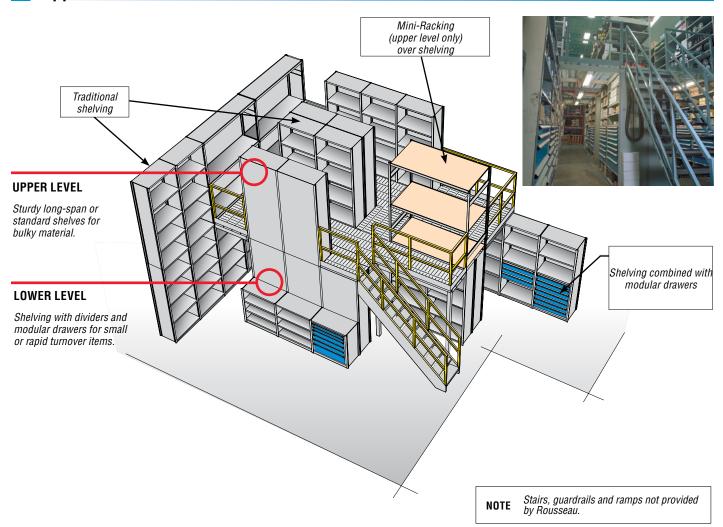

Call Rousseau's sales department and request the assistance of one of our project managers.

NOTE

For technical specifications, please refer to technical document S05 Multi-Level Shelving.

Applications

CNC Tool Storage Solutions

CNC TOOL STORAGE SOLUTIONS

Thanks to the flexibility of the CNC line, your tools will be protected during regular handling, transportation and storage. The Rousseau CNC tool rack distinguishes itself in many ways:

- By its modularity: it is compatible with the entire line of Rousseau products;
- By its flexibility: offered blank or with perforations, it can adapt to any type of tool;
- By its sturdiness: maximum support and stability prevents tools from falling, even when the rack is tilted;
- By its ergonomics: practical, ergonomic handles make it easy to carry.
 Handling is made easier in the Spider® shelving and on the multi-purpose stand by the 20° inclination of the adaptors;
- By its security: sturdy PVC extruded design, it can withstand blows and allows for coolant drainage, prolonging tool life.

The tool identification zone allows for quick retrieval of tools.

CNC Tool Storage Solutions

The Rousseau Advantages

Made of sturdy PVC, the extruded part of the rack protects tools against blows. Contact points between tools and the rack help prevent corrosion.

The tool rack comes with perforations to insert Taper, Straight, Sandvik Capto, HSK, KM and VDI tools. The extruded PVC component is also offered without perforations.

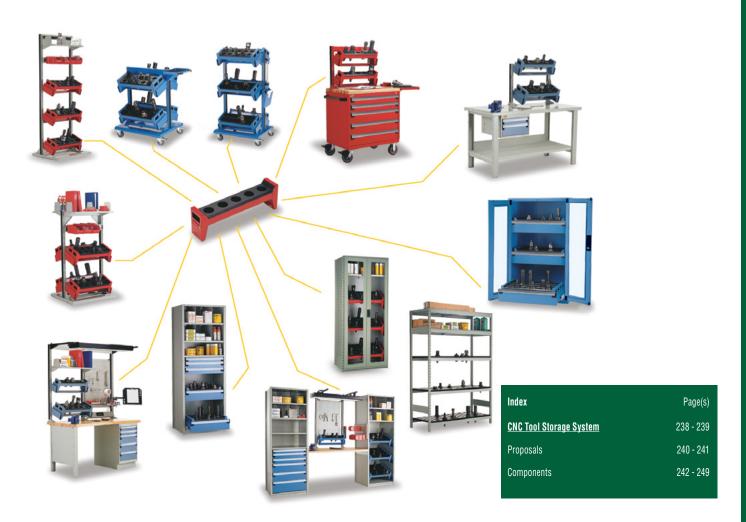

The tool rack, at the core of our storage system, is compatible with the entire Rousseau product line. The compact and sturdy tool rack is equipped with practical, ergonomic handles, making it easy to carry.

With its original two-level design, the rack offers improved support and increased stability by preventing tools from falling out, even in an inclined position.

CNC Tool Rack Integration with the Rousseau Line

Tool Racks

Tool Rack for WM, Drawers and Shelving

NC10 / NC12

Offered with blank or perforated surface;

Made of sturdy PVC, the extruded part of the rack protects tools against shocks, corrosion and blows; Offered in 30" and 36" wide;

The identification zone allows for quick retrieval of tools;

Compatible with WM11 of 28" and 34" width (or 2 WM10 uprights and 1 WM15 cross member) and WMA units with the NC50 adaptor;

Compatible with WM35 with the NC50 adaptors;

Compatible with modular drawers (RF31/RF32/RF33/RF34/RF35/RF36):

30" W x 21" D, 30" W x 24" D, 30" W x 27" D, 36" W x 18" D, 36" W x 24" D with the NC54 adaptors;

Compatible with Spider $^{\circ}$ shelving units : 30" W x 24" D, 36" W x 24" D, 36" W x 18" D with the NC51 adaptors.

Tool racks and PVC shelves must be ordered separately from proposed models. The following chart gives the product number that matches your tool type.

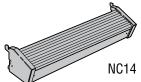

The number of tools that a tool rack or a PVC shelf can hold varies according to tool diameter and the length of extruded surfaces. The number of holes specified in the chart indicates the number of perforations per extruded surface.

Tool Rack for the TekZone Hutch

NC14 / NC15

Offered with blank or perforated surface;

Made of sturdy PVC, the extruded part of the rack protects tools against shocks, corrosion and blows; Offered in 23" and 29" wide;

The identification zone allows for quick retrieval of tools;

Attaches to TekZone hutch rear utility panels at the desired height.

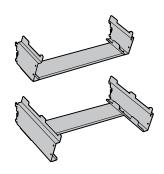

The following chart gives the product number that matches your tool type.

The number of tools that a tool rack can hold varies according to tool diameter and the length of extruded surfaces. The number of holes specified in the chart indicates the number of perforations per extruded surface.

Adaptors for Tool Rack

WM Adaptor NC50

Tool rack adaptor for use with the NC10 and NC12 in the WM11 with single unit frame of 28" and 34" width (or 2 WM10 uprights and 1 WM15 cross member) or WMA structure;

Tool rack adaptor for use with the NC10 and NC12 in the WM35;

The side security notches in the WM adaptor for uprights ensure tool rack stability;

Inclined 20° for easy access to tools;

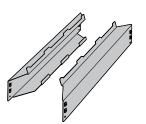

Single or double model holds one or two 30" (for 28" c/c widths) or 36" tool racks (for 34" c/c widths); Easy assembly, no tools required.

Product #	Type	Width
NC50-2801	Single	28" c/c
NC50-2802	Double	28" c/c
NC50-3401	Single	34" c/c
NC50-3402	Double	34" c/c

NC51 Adaptors for Shelving

Sold in pairs;

Tool rack adaptor for use with NC10 and NC12 in 30" x 24", 36" x 18" and 36" x 24" Spider® shelving; Inclined 20° for easy access to tools;

SEE PAGE 247

Can hold 3 to 4 NC10 or NC12 tool racks;

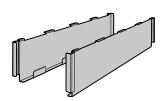

Adaptor compatible with Spider® shelving unit only; Made in galvanized steel;

Easy assembly, no tools required.

	-	
Product #	Depth	# of Racks
NC51-1801	18"	3
NC51-2401	24"	4

NC54 **Adaptors for Drawers**

Sold in pairs;

Drawer adapters can be used to install NC10 and NC12 tool racks in 7"H drawers (RF31/RF32/RF35/RF36) or in 10", 12" or 14"H drawers for CNC tools (RF33/RF34);

Compatible with these modular drawers: 30° W \times 21 $^\circ$ D, 30° W \times 24 $^\circ$ D, 30° W \times 27 $^\circ$ D, 36° W \times 18 $^\circ$ D and 36° W \times 24 $^\circ$ D;

Prevent tool racks from tipping when opening or closing drawer;

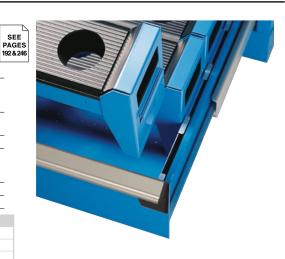

Can hold 3 to 4 NC10 and NC12 tool racks;

The adaptor for drawers and the tool rack may be installed in a 7" drawer only or in drawers for CNC tools (10", 12" or 14" H);

Made in galvanized steel;

Easy assembly, no tools required.

Foam for Tools

SEE PAGE 117 RG42

Sold without cut-outs.

Oil-resistant and non absorbent;

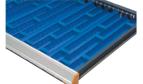

1 blue foam, ¼" thick;

1 black self-adhesive foam, ½" thick;

Sold without cut-outs.

Groove Tray RG35

Useful in storing and protecting long objects such as drill bits, borers, sockets, lathe parts, files, tools, etc.;

Blue for easy identification of objects;

Designed for 3" H and 4" H drawers;

Compatible with partitions, dividers and plastic bins:

Available nominal depths: 18", 21", 24" and 27"; When ordering, add the depth of the drawer to the groove tray number. Ex.: RG35-062425.

Product #		Divider #

RG43-3624-01	36"W x 24"D

Sold without cut-outs.

Plastic Bin

RG20

Simplify storing, moving and managing small items. Lightweight and resistant;

Designed for 3" and 4" high drawers;

45° angle for easy identification of bin contents and removal of bins;

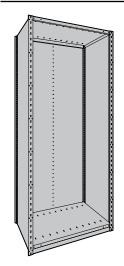

Compatible with louvered panels (SH65, SH66 and WM55) and plastic bin rails (SH62, WM9C and WM28); Compatible with the following accessories: partitions, dividers and groove trays;

6" bins can be partitioned

IMPORTANT

Refer to N50 tech sheet for Tool Racks and Decking to learn about recommended layouts based on tool heights and intended use.

Multi-level shelving is not recommended important if first-level shelving contains only tool racks and two shelves.

NCS2307

Tool racks must be ordered separately.

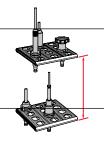

Mini-Racking Components

These models are designed to receive steel shelves and decking for CNC tools. They include one tie bar per "long-span" level.

48" wide models or less have medium-duty beams and tie bars. 60" wide and 72" models wide have heavy-duty beams and tie bars.

IMPORTANT

Refer to N50 tech sheet for Tool Racks and Decking to learn about recommended layouts based on tool heights and intended use.

Label Holder

Useful for identifying your tools;

Sold for decking units combined with NC30, NC31 or SR40 shelves (included with NC33 and NC34 decking units);

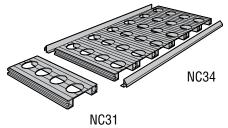

Compatible with SR40 decking;

Polished look.

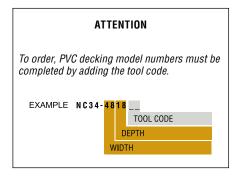

Product #	W x H	
NC32-4801	48" x 1"	
NC32-6001	60" x 1"	
NC32-7201	72" x 1"	

To find out the number of holes in a platform with perforated shelves, multiply the number of perforated shelves in your platform by the number of holes in a NC31 shelf.

The number of tools that a PVC shelf can hold varies according to tool diameter and to the length of extruded surfaces. The number of holes specified in the chart indicates the number of perforations per extruded surface.

PVC shelves must be ordered separately from proposed models. The following chart gives the product number that matches your tool type.

Platform offered with perforated surface (NC31 and NC34) or blank (NC30 and NC33);

Offered in 6" strips: NC30 and NC31;

Offered in a model representing a level of Mini-Racking of 48", 60" and 72": NC33 and NC34. The model numbers for the perforated platform must be accompanied by a tool code;

Made of sturdy PVC, the extruded part of the rack protects tools against shocks, corrosion and blows;

PVC shelf (NC30/NC31) capacity for 18" D: 75 lb.;

PVC shelf (NC30/NC31) capacity for 24" D: 100 lb.;

The PVC shelf can be coupled with SR40 steel decking on the same level;

The 6" wide platform does not come with label holder;

48", 60" and 72" wide decking includes an NC32 label holder.

Automotive Storage Rack

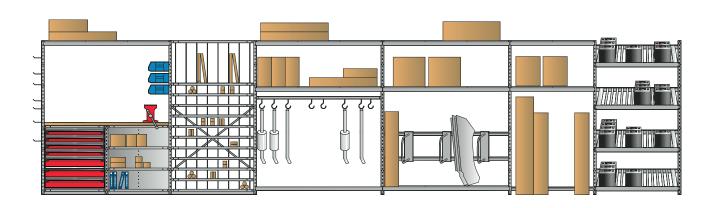

SPECIALIZED AUTOMOTIVE STORAGE

For some years now, Rousseau has been developing a system that offers a complete and integrated storage solution for the automotive industry. Whatever your needs, we are able to provide a heavy-duty and aesthetically pleasing option for even the most discerning automotive dealer.

What we offer is more than a simple product. It is a complete system to help you organize your parts department. Included are bumper and pipe racks, sheet metal racks, battery and tire racks, etc.

The variety and flexibility of the Rousseau line represents a great advantage. It is a system that will grow with your needs. We are proud to be able to help answer the needs of any customer, big or small, and always offer the same quality and service which has become our trademark.

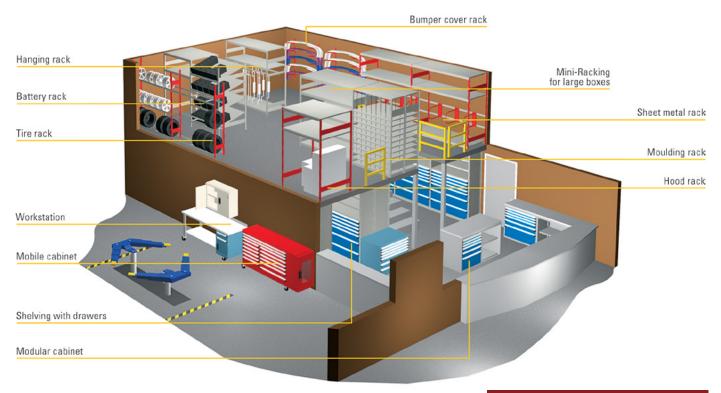

Automotive Storage Rack

One Solution for Each Application

The strengh of our system is that it adapts to your environment and evolves with your needs.

With the numerous dimensions and variety of accessories offered, you can create your own customized layout to complement the structure of your building.

Several proposals can be made mobile.

SRP0451_	60" x 48" x 87"

Components

Double Divider for Mini-Racking

SR60

Single Divider for Mini-Racking

SR61

Supports parts and boxes that are stored vertically in a Mini-Racking unit. Parts lean against the "D" shape of the divider;

Attaches on 2 SR21 medium-duty beams or 2 SR22 heavy-duty beams;

Space between the two beams should be 14" c/c; Divider can be adjusted laterally (left to right) without tools;

Compatible with shelving 24" deep and deeper.

Product #	D x H
SR60-2415	24" x 15"

Divides those parts that lean vertically against the back of the Mini-Racking;

Installs on SR21 medium-duty beams or SR22 heavy-duty beams ;

Dividers can be adjusted laterally (left to right) without tools;

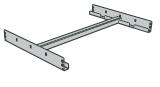

Compatible with shelving 24" deep and deeper.

Product #	Depth	
SR61-2401	24"	

Components

Hanging Rail - Single and Double

SR62

Single rail: SR62-WWDD01; Double rail: SR62-WWDD02;

For storage of parts of non-standard sizes;

300 lb. capacity per rail;

Install on the Spider® post with hooks, no bolts;

Includes security mechanism to keep from accidentally unhooking;

3 installation positions possible: one in the middle and two closer to the edges;

Compatible with SR63-02 hooks (not included);

Hooks pivot once installed on the rail. They can be put on and taken off the rail at all times, even when the rail is in place on the adaptors;

Rail and adaptors in galvanized steel;

When ordering, specify the last 2 digits in the number code. Ex.: SR62-6024 $\underline{02}$ for a double hanging rail that is 60" W x 24" D.

Product #	WxD
SR62-601801	60" x 18"
SR62-6024	60" x 24"
SR62-6036	60" x 36"
SR62-721801	72" x 18"
SR62-7224	72" x 24"
SR62-7236	72" x 36"
SR62-961801	96" x 18"
SR62-9624	96" x 24"
SR62-9636	96" x 36"

NOTE

When doing a side-to-side combination with a mini-racking and a back-to-back shelving, call the customer service department for compatibility of SR62 hanging rails.

Hook for Hanging Rail

Dividing Rods

SH56

50 lb. capacity per hook;

Hooks pivot once installed on the SR62 rail; They can be put on and taken off even when the

rail is in place on the adaptors.

Product #	Height
SR63-02	5"

Sold in pairs;

Stainless steel rods with 1/4" diameter;

90° fold at one end to ensure it stays in place; Superior rigidity compared to plastic rods currently used on the market for this type of application.

Product #	Height
SH56-72	72"
SH56-84	84"
SH56-96	96"

Wall Spacers

Spaces shelving 9" away from the wall; Attaches to the SR post in the delta holes without tools; must be secured in place with

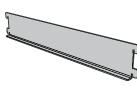

plastic clip (included); Made in galvanized steel

Sold in pairs;

Product #	Depth
SR45-09	9"

Sold in pairs;

Spaces two back-to-back shelving units 18" apart; Attaches to the SR post in the delta holes without tools; must be secured in place with plastic clips (included);

Made in galvanized steel.

Product #	Depth
SR48-18	18"

Beams for Tire Rack

Battery Platform

340 lb. capacity per pair;

Allows for storage of popular sized tires of different dimensions up to 17" in diameter (light truck and SUV);

Constructed with a sloped surface to prevent the deformation of tires;

72" wide beams require a tie bar SR25 installed in the center;

15" deep units recommended for tires;

12" deep units recommended for rims.

Product #	Width
SR20-36	36"
SR20-48	48"
SR20-60	60"
SR20-72	72"

Level includes 2 heavy-duty beams and 13 tie bars;

Equipped with a front stop and two side rails to prevent the batteries from falling;

15° inclination eases the movement of batteries forward for easy access;

Made in galvanized steel.

Product #	WxD	# of Batteries (medium size)
SRP9004	36" x 36"	15

SRP9001	48" x 36"	20
SRP9002	48" x 48"	28

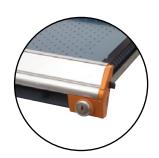

Key Types - L3

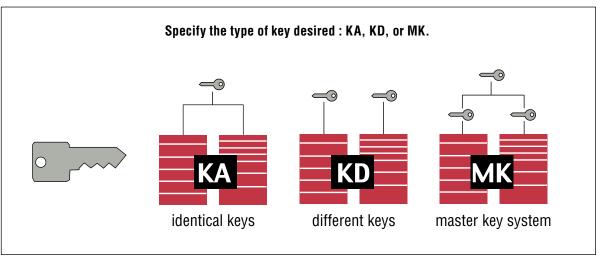

In order to ensure the security of work tools, it is important for them to be locked as required. Rousseau offers you a choice in the management of your keys. For example, if you have independant units that require different keys, or if you require different access depending on the user, we have three key types to choose from. There is the "identical key" (KA), the "different key" (KD), and the master key system (MK).

Products below need a key code when a lock is required:

Proposals:

- Heavy-Duty Modular Cabinet (R5A)
- Heavy-Duty Mobile Cabinet (R5B)
- Stacking Cabinet (R5H)
- Sink Cabinet (R5T)
- "L" Compact Cabinet (L3A)
- Smart-Compact Mobile Cabinet (L3B)
- Hanging Side Cabinet (R5Q)
- Multi-Drawer Cabinet (R5E)
- Mobile Multi-Drawer Cabinet (R5G)
- Drawers Unit (LD75 / LD77 / RD77)
- Tekzone Hutch (TZ)
- Corner Workstation (RS)
- Wall-Mounted Computer Cabinet and Housing (R5M)
- Computer Cabinet (R5J)

NOTE

Please contact your customer service representative for questions regarding the different key types. They will be happy to advise you.

NOTE

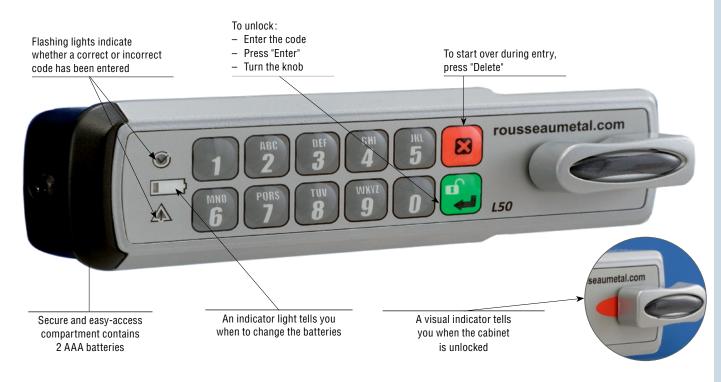

All items with a lock need to have a key code, the list above is only a reference.

Components and Accessories :

- Integrated Sliding Door or with Frame, Solid or Polycarbonate (RB50 / RB51 / RB55 / RB56 / WS60 / WS61)
- Single Integrated Door or with Frame, Solid or Polycarbonate (RB61 / RB62 / RD12 / RD13 / RD51)
- Double Integrated Door or with Frame, Solid or Polycarbonate (RB66 / RB67 / RB75 / RB76 / RD17 / RD18 / SH41 / SH43 / SH91 / SH93)
- Door for L Cabinet (LB30)
- Flipper Door (RD20 / SH85)
- Vertical Security Bar (RB10 / RE80 / LB10)
- Compact Drawer (LF31)
- Central Locking System (L3)
- Heavy-Duty Drawer or Roll-Out Shelf (RF31 / RF32 / RF35 / RF36 / RF40 / RF41 / RF44 / RF45)
- Heavy-Duty Cabinet and Stacking Cabinet Housing (RA30)
- Storage Cabinet (WM75)
- Sloped Top (RC30)
- "L" Compact cabinet (LA30)

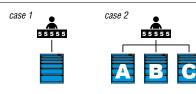

Key Types - L50

Features and benefits

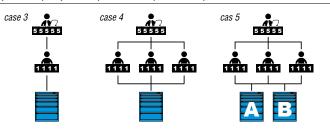

Various ways to manage access

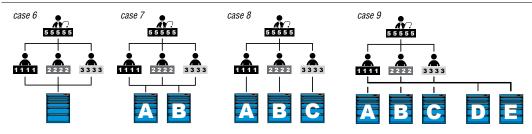

"Owner" user (unique code)

Supervisor (unique code) with users (same code)

Supervisor (unique code) with users (different codes)

To order the complete mechanism with a drawer cabinet, request:

RB00-DD HHL50 for a "R" Cabinet (RA30);

RB01- \underline{WW} \underline{DD} \underline{HH} L50 for a Multi-Drawer Cabinet (RA35), contact customer service;

LB00-DD HHL50 for a "L" Cabinet (LA30).

To order as a replacement lock, order a:

HA62-L50 for a "R" Cabinet or a Multi-Drawer Cabinet (RA30/RA35) with drawers:
HA60-L50 for a "L" Cabinet (LA30) with drawers;
HA72-L50 for a Tekzone Hutch (TZ).

NOTE Electronic Lock System interferes with (RB92) front handles, please contact customer service for more details.

Sustainable Development

Rousseau's commitment to the environment

Rousseau is constantly seeking to minimize its environmental footprint. We have therefore taken different actions over the years such as using paint that produces no volatile organic compounds (VOCs), and recycling cardboard and scrap metal. These initiatives help users of Rousseau products to qualify for LEED® certification. By choosing Rousseau, you are choosing a responsible and environmentally conscious manufacturer.

Here's why.

Improving manufacturing processes

As part of its commitment to sustainable development, Rousseau constantly strives to improve its manufacturing processes so they can be as environmentally friendly as possible. Here are some of the initiatives taken in recent years.

Using powder paint

For several years now, Rousseau has been using powder paint instead of liquid paint for all products manufactured. This significantly reduces emissions of CO2 and eliminates several tons of hazardous materials. It is now the only type of paint used in the plant.

Recycling cardboard and scrap metal

In an effort to do our part for the environment, Rousseau recycles all scrap steel and aluminum. It is sent to a processing facility and melted down for use elsewhere. Boxes and pallets are also sent out to be used for heating, among other uses. Plastics are sent to a collection center.

Sustainable Development

Optimizing ventilation systems

Our ventilation systems have gradually been updated with automated controllers that reduce the amount of fresh air and heating needed.

Reducing water consumption

The plant has also reduced its water consumption by 90% thanks to an ingenious water cooling system.

Using paper sourced from responsibly managed forests

Committed to Sustainable Development, we are pleased to use paper sourced from responsibly managed forests.

And by doing so, we confirm our status as an industry leader by implementing these environmentally conscious initiatives.

Rousseau and LEED®

LEED® (Leadership in Energy and Environmental Design) is an international green standard of certification created in 1998 by the USGBC (U.S. Green Building Council). Projects can obtain LEED® certification through a points-based system, which means the certified building or project excels in environmental compliance.

Rousseau can help customers obtain this certification because its environmentally-friendly processes can contribute toward earning LEED® points.

Rousseau products contribute to the following LEED criteria:

Sustainable Sites Category

5.2 Reduced Site Disturbance: Development footprint

Materials & Resources Category

2.1 Construction Waste Management: Divert 50% from landfill

2.2 Construction Waste Management: Divert 75% from landfill

3.1 Resource Reuse: 5% 3.2 Resource Reuse: 10%

4.1 Recycled Content: 7.5% CAN and 10% USA 4.2 Recycled Content: 15% CAN and 20% USA

5.1 Regional Materials: 10% 5.2 Regional Materials: 20%

Indoor Environmental Quality Category

4.2 Low-Emitting Materials: Paints and coatings

4.4 Low-Emitting Materials: Composite wood and laminate adhesives

For more details about the solutions that Rousseau Metal Inc. has implemented to meet LEED criteria®, visit rousseaumetal.com.

This information was updated in June 2009. For more details, contact us.

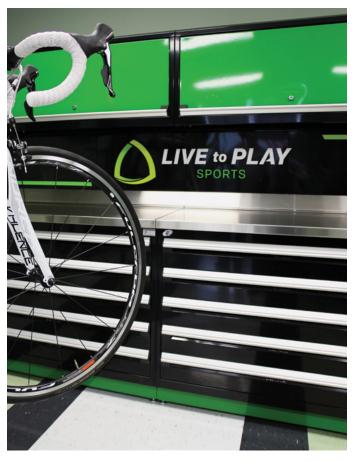

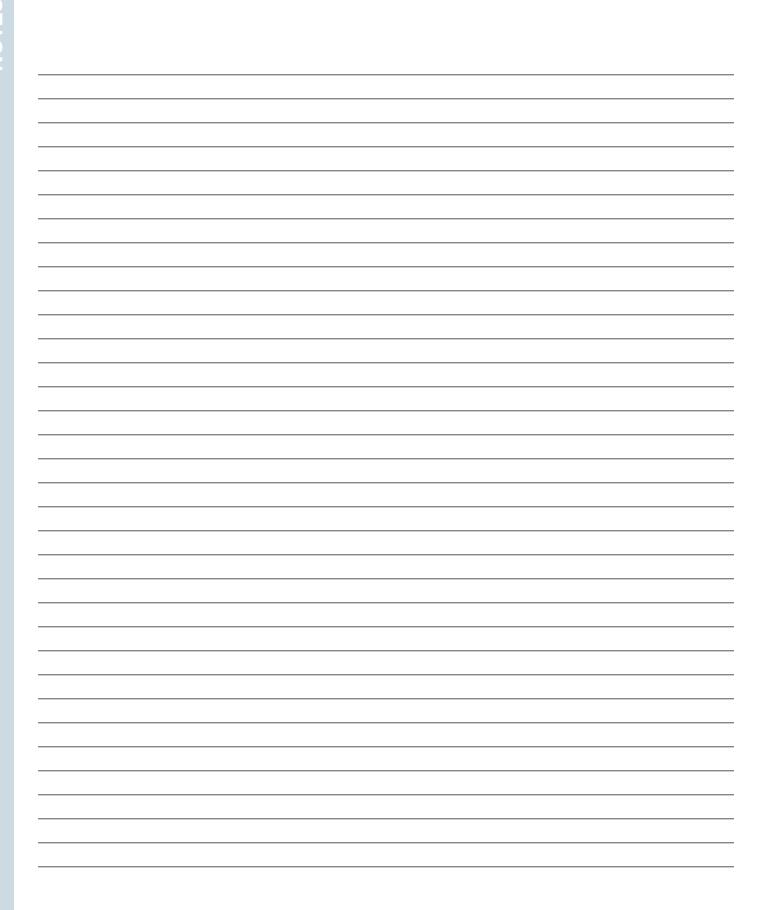

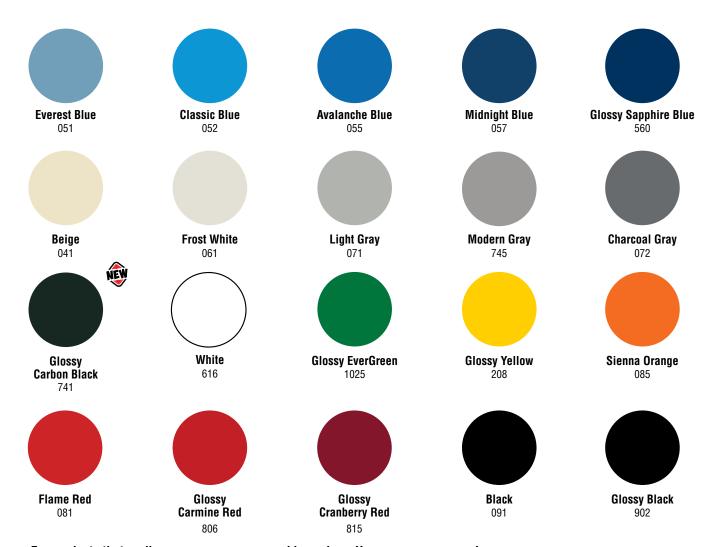

Notes

Standard Colors

Having the ability to customize your Rousseau product with any of our 20 standard colors is also distinctively Rousseau!

For products that really pop, you can even combine colors. Here are some examples:

Classic Blue / Frost White 052/061

Glossy Yellow/ Glossy Black 208/902

Avalanche Blue / Charcoal Gray 055/072

Glossy Carmine Red / Charcoal Gray 806/072

Glossy EverGreen/ Charcoal Gray 1025/072

Glossy Cranberry Red/ Frost White 815/061

Handle End Caps:
